MATERIAL DESCRIPTION					QTY	UNIT
Guide Ring Kit 69.5 mm SPECIFICATION FOR CODED GUIDE RING FOR TUBE DIA 69.5 mm. GUIDE RING KIT OF SS304 SHOULD CONSISTING OF GUIDE RING, ROLLER CHAIN, ASSEMBLY, QUICK RELEASE PIN, LINK, TENSIONER ASSEMBLY AND SHOULDER SCREWS Scope of supply:- 1) Guide ring consisting of two hinged segments. The guide ring hinges are closed around the tube and latch. Two fixed stainless steel 304 pads are mounted in one-half of the guide ring to provide a V-block to square the guide ring relative to the tube axis. The pads are to be dimensioned so that the guide ring will be centered on the tube as long as the tube is within nominal OD size range, if the pipe is either under or oversized the pads could be shortened or longer pads could be used to maintain concentricity. Setscrews on the other half of the guide ring to clamp the guide ring rigidly on the tube. A fixed chain is to be mounted in a groove on the outer diameter of the guide ring, against which the tractor sprocket drives. Notches on the guide ring face should be located exactly 60 degrees apart operate a brass tipped switch actuator to provide position feedback for the Pipemaster Controller. 2) Roller chain and Tensioner: The D-Head is to be held on the guide ring by means of a roller chain and tensioner. This roller chain is to be supplied as part of a Guide Ring Kit with the link that rigidizes the hinge. The roller chain and tensioner assembly circles the guide ring reaching from the machine package to the tractor. The latch/tensioner mechanism is located at the tractor end. Rollers on the flexible chain should be used to minimize friction and to facilitate motion around the tube. An integral spring in the tensioner compensates for expansion of the guide ring caused by heating. A cylindrical tensioning collar is to be designed for finger tightening. Drilled holes are to be provided for removal with a special pin only. Bidders may visit UNIT-II BHEL, Tiruchirappalli works before quoting for a better understanding of the requirement. Guide Ring Kit 69.5 mm					2.00	NO
Information for Online Participation
