H012000022 / 27.02.2020

CATEGORY OF TENDER: Two-Bid System TERMS & CONDITIONS:

1. Please quote your Price on FOR BHEL HPVP Stores, Visakhapatnam basis. Please note that if P & F, Transit Insurance and freight are extra, quote the same item wise in your price bid
2. Price Evaluation: Price shall be considered on Landed Cost basis (Cost to BHEL-HPVP, VSP - 12). Landed cost shall be worked out on price quoted including Quantity, Freight, Transit Insurance, loading on deviations, Custom Duty, loading as per Customs Notifications, ED, VAT & CST and Goods & Service Tax (GST) after taking out Input Tax Credit benefit, as applicable.
3. The price shall remain firm throughout the execution period.
4. Supplier should confirm the acceptance for Part order quantity
5. BHEL-HPVP, VSP - 12 reserves the right to NEGOTIATE the same.
6. BHEL-HPVP, reserves the right / option to REFLOAT the Tender if price is not acceptable to BHEL-HPVP.
7. Payment Terms:
100% Payment will be made within 45 days from the date of receipt of material at BHEL-HPVP Visakhapatnam Stores.
However, GST portion of invoice shall be released only upon:
a) Vendor declaring the invoice in his GSTR-1
b) Receipt of Goods and Tax Invoice by BHEL
c) Confirmation of payment of GST thereon by vendor on GSTN Portal.
(Offer with Payment Term as Payment against Proforma Invoice/Through bank documents shall be rejected)
8. If the offer is not in line with the same, the following loading criteria will be adopted for evaluation Loading Criteria for Payment Terms: Vendor should accept the payment terms specified above. However for any deviation to the payment terms offered with reference to the above criterion will be loaded with prime lending rate of SBI prevailing on date of opening of technical bid + 6%, which shall be computed for the differential period between BHEL Visakhapatnam terms of payment and the offered basic price.
9. Please submit your quotation in TWO PART BID.
10. Offer validity should be 60 days from tender opening date.
11. HPVP- BHEL reserves the right to increase/ decrease the qty. Part order quantity is to be accepted by vendor.
12. DELIVERY PERIOD: The acceptable Delivery period shall be within 2 weeks to 4 weeks from the date of Purchase Order. Vendor shall specify delivery in no of weeks, in case of non-specifying; delivery period will be considered as 4 weeks as default. Loading Factor for delivery period:
The offers which do not conform to 2 weeks of delivery period but are within 4 weeks of delivery period shall be loaded for the delayed delivery beyond 2 weeks @ 0.5% per week or part thereof on the offered

The offers should reach us before 14:00 hrs on the due date of opening of the tender. The offers will be opened after 15:00 hrs on the due date of tender in the presence of tenderers who have submitted their offer and who may like to be present for the tender opening. Late and delayed offers are liable to be rejected.

H012000022 / 27.02.2020

basic value.

Any offer quoting beyond 4 weeks of delivery period shall be summarily rejected.

13. Inspection of material by BHEL HPVP on receipt of materials at our Stores by BHEL or by BHEL approved inspection agency & rejected material if any is to be replaced within one week.

14. LIQUIDATED DAMAGES: LD will be levied @ 0.5% of the price for each week of delay or part thereof up to a maximum of 10% of purchase order value. (In case of recovery of LD, applicable GST also will be recovered)

15. LOADING CRITERIA FOR LD: Any deviation from above LD Clause to the extent for which LD is not agreed by the vendor i.e., differential % value will be loaded on basic price, e.g. If some vendor agrees for say maximum of 4% LD then his price will be loaded by 6% (10 -4) of his quoted basic price.

16. Special Provision for Micro and Small Enterprises (MSE) is enclosed at annexure 1

17. Please fill the checklist for commercial terms enclosed at Annexure-2 & also Annexure - 3 and send the signed and stamped copy of the same along with your bid.

18. Please Sign and stamp all tender enquiry pages as token of acceptance of our TERMS & CONDITIONS and submit the same along with quotation.

19. RISK PURCHASE: The delivery period stated shall be realistic and shall be strictly adhered to. If the deliveries are not maintained and if on the account, this company is forced to buy the materials elsewhere to avoid any loss or damage that the company may sustain thereby the purchaser is entitled to procure the material at the risk and cost of the seller, which shall be recovered from them out of due of this PO / Contract, any other PO / Contract with BHEL and balance amount if any shall be required to be deposited by the vendor.

20. Linking up of Old issues: In case if you have any outstanding problems with earlier supplies, you should not linkup against this enquiry or PO at later stages.

21. ARBITRATION: Notwithstanding anything contained in any document whatsoever, all questions, matters, disputes and claims relating to and arising out of this contract, shall be referred to sole arbitrator, who shall be appointed by Head of the Unit, BHEL, HPVP, Visakhapatnam at his sole discretion. Such appointment of arbitrator shall not take place unless and until a written request for appointment of arbitrator from any of the parties to the contract has been received by Head of the Unit as aforesaid. The arbitrator shall give his reasoned award. It is a term of this contract that no person other than a person appointed by such Head of the Unit as aforesaid, shall act as arbitrator and if for any reason that is not possible,

The offers should reach us before 14:00 hrs on the due date of opening of the tender. The offers will be opened after 15.00 hrs on the due date of tender in the presence of tenderers who have submitted their offer and who may like to be present for the tender opening. Late and delayed offers are liable to be rejected.

the matter is not to be referred to arbitration at all. The venue of arbitration shall be such place as may be fixed by the arbitrator at his sole discretion. The award of arbitrator shall be final, conclusive binding on all the parties to the contract.

22. JURISDICTION: Not out of this contract including that arise out of arbitration and bank guarantees, shall be initiated, filed and tried only in the courts, tribunals and forums, situated at and having territorial jurisdiction over Visakhapatnam even though such jurisdiction also vests in courts, tribunals & forums situated elsewhere in the country.

23. GST Clause: The bidder to specify in their offer the category of their registration under GST like Registered, Unregistered and composite dealer.

The provisional GST registration number of Bharat Heavy Electrical Ltd, Heavy Plates and Vessels Plant, Visakhapatnam is "37AAACB4146P7Z8" with state Code as "37" and State Name as "Andhra Pradesh". No GST will be reimbursed to unregistered or composite dealer. In the event, any GST is quoted by composite dealer, the same shall be added to the cost of supply in evaluating the bid.

Supplier shall mention their GSTIN registration number(GSTIN) in all their invoices and invoices shall be in the format as specified/prescribed under GST Laws. Invoices shall necessarily contain invoice number (in case of multiple numbering system is being followed for billing like SAP invoice no commercial invoice no etc., then the invoice No which is linked/uploaded in GSTN Network shall be clearly indicated), item description as per PO' Quantity Rate, Value, applicable taxes with nomenclature

(like IGST , SGST , CGST & UTGST) separately, HSN/ SAC Code, etc.

All invoices shall bear the HSN Code for each item separately (Harmonized System of Nomenclature)/SAC code (Services Accounting Code).

The bidder shall clearly indicate HSN (Harmonised System Nomenclature)/SAC (Service Accounting Code), its description and applicable rate of GST for each item in his techno-commercial bid.

In case GST credit is delayed/denied to BHEL due to non/delayed receipt of goods and/or tax invoice or expiry of timeline prescribed in GST law for availing such ITC, or any other reasons not attributable to BHEL, GST amount shall be recoverable from vendor along with interest levied/leviable on BHEL. In case vendor delays declaring such invoice in his return and GST credit availed by BHEL is denied or reversed subsequently as per GST law, GST amount paid by BHEL towards such ITC reversal as per GST law shall be recoverable from vendor along with interest levied/leviable on BHEL.

Vendors must ensure compliance of all the applicable rules and procedure as envisaged in the GST Regime. Any loss to BHEL-HPVP due to

The offers should reach us before 14:00 hrs on the due date of opening of the tender. Proposed List of Materials of FIRE ALARIM SYSTEM for server room and UPS room.				
S.No	Description	Unit	Qty	Make
A	Zone Control Panel(Fire Alarm Panel)	No's	01.	Agni/Ravel/Tyco
B	Smoke Detector	No's	05.	Agni/Ravel/Tyco
C	Hooter	No's	01	Agni/Ravel/Tyco
D	Manual Call Points	No's	01	Agni/Ravel/Tyco
E	2* 1.5 Sq.mm copper cable with PVC conduit or casing capping(Supply & Installation) (+/- 20% to be supplied depends on requirement)	Mtr	100	Reputed Brand
F	Any other Material/Items required for installation of Fire alarm system			Reputed Brand

TECHNICAL SPECIFICATIONS:

DESCRIPTION / SPECIFICATION
Zone Control Panel (Fire Alarm Panel)
Make: Agni, Apollo, Honeywell/Ravel
Min No. of Zones required: 04
Operating Temperature: 0 - 49°C.
Operating Humidity: 95%.
Input Power source: 230 V AC, 50 Hz, Single Phase with ground.
Input frequency: 50 Hz +/- 1 Hz.
Compatibility: Should work with all type of smoke/fire detectors.
Battery(Standby): 24 VDC.
Backup: Battery backup with built in charger is required.
Display: LED/LCD display.
LED Indications Required: Mains on, Charger on, System on, Battery low, Zone wise fire, open short etc.
Alarm: Fire and system fault alarms shall be in unambiguous coloured LED indications.
External Switch: Required for Lamp test, silence, reset.
Zone status external Switch: Required to test each Zone wise fire, open, short status manually.
Logging: Shall Log an alarm & time.
Date & Time: The control panel shall have facility to set date and time and display the same.
Storage: The control panel shall have memory storage for last 126 events and an alarm counter for number of alarms occurred after the control panel is installed.
Test switch: shall be provided at the main panel to check the proper functioning and healthiness of the system
Approval / Listing : FM / UL / Standard: Indian fire standards
Smoke detector
Make : Agni, Apollo, Honeywell, Ravel
Type : Sensor should be infrared photo electric
Operating Temperature: 0 - 49°C.
Operating Voltage: 10 to 30 V DC.
Stand by current: Low.

ANNEXURE-I
TECHNICAL SPECIFICATIONS

Operating Humidity: 95%.
Should eliminate false alarm.
Should accept power supply free input.
Should be dust proof & anti light interference.
Should be MCU processing type.
Should be mounted below the ceiling or below the false ceiling or wall mounting type.
Should detect visible and invisible smoke particles.
Detector/sensor: Stainless steel shield in chamber
Should detect fire in the incipient or smouldering stage.
The detectors shall be located and spaced as per latest NFPA codes
Detector should Continuously monitor the sensor status
Dual LED's to provide 360 – Degree viewing.
Detector should be Corrosion resistant coating.
Easy disassembly for cleaning.
Sealed sensor head to prevent entry of dust, dirt, insect's etc. to reduce nuisance alarms.
Indications: Power on LED indicator
Approval / Listing : FM / UL /Standard: Indian fire standards
Hooter
Mounting: Wall mounting.
Input Voltage: 24 V DC.
Strobe: With strobe/flasher
Housing: PVC/ABS
Sound Output: 80dB up to 10 feet.
Shall be fully solid state with audio output sufficient to be heard at a distance not less than 50 Metre.
Should work in sound polluted areas& should have attractive look.
Tones: Dual tone hooter for differentiating between fire and fault audible alarms
The hooters shall have facility for adjustment of volume as per requirement at site.
The unit shall be of rugged construction
Manual Call point
Mounting: Wall mounting.
Compatibility: Should be compatible with all conventional fire control panel.
Reset: Feather touch switch for alarm activation & reset.
Type Of Glass: Transparent front glass.
Alarm LED's: should be provided inside the Call Point to indicate the Alarm condition.
Normal Condition: Blinking LED facility to check healthy/normal condition.
Fire Indication: RED LED should flash
Housing: ABS
Location: shall be located near the exits, staircases or lift so that in case of fire being spotted by the personnel in the premise, they can actuate the alarm.
Enclosure: The enclosure shall be completely dust, damp, weather and vermin proof with IP 65 protection.
Should be Highly visible.

ANNEXURE-I

TECHNICAL SPECIFICATIONS

General Conditions:
The detector cable and other control cables shall be armoured, screened and twisted FRLS type.
Necessary cable glands/lugs/connectors/clips/conduits etc. for laying and termination of control cables, signal cables & power cables is in bidder scope only.
Supply, laying and termination of FRLS power, signal & control cables required for complete fire detection & alarm system is in bidder scope only.
All equipment, materials and components supplied shall be newly manufactured and without loose or temporary cabling. Wired options used in the system hardware shall be minimum
All components shall be rated for continuous operation.
All metal parts of frames, supports etc, shall be mechanically rugged and constructed of corrosion resistant material or treated with anti-corrosive finish.
The system shall be protected against malfunctioning on account of noise from electromagnetic or electrostatic sources like power supplies, fluorescent tubes, motors, ' electric) mechanical relay circuits etc.
It is the responsibility of the Bidder to assess the type and magnitude of work involved based on information furnished by the owner in this document and general field conditions.
Suitable battery back-up for un-interrupted performance of fire alarm system shall be provided by bidder.
Fully supervised for all fault conditions i.e. fail safe operation
Automatic uninterrupted changeover to backup power source in the event of main supply failure is required.
Exclusive wiring, independent of Mains power and other wiring.
The Fire Detection & Alarm System shall be UL certified; designed, manufactured, supplied, erected and tested as per the requirement laid in relevant NFPA/ Indian Standard specifications.
All cables shall be tested for proper continuity and insulation before laying.
Care shall be taken that kinks, twists or mechanical damage do not occur to the cables during laying.
All cables shall be tagged for proper identification.
All cables shall be tested for the healthy condition after laying.
All cable bends shall be made with due consideration to the minimum permissible bending radius of the cables.
Care shall be taken that during laying of cables, loops are not formed.
Warranty: 1-year warranty from the date of installation for entire fire alarm system (Repair or Replacement).
