Scope of activities in Reconditioning of 10 T Electromagnet in SMS

Vendor's scope

1. Checking of electromagnet in all respects – including insulation, winding, casing, cable terminals etc.
2. Transportation of electromagnet from CFFP/BHEL Haridwar to vendor's works and back, of reconditioned electromagnet including packing if required, transit insurance and any other expenditure not mentioned here.
3. Reconditioning of electromagnet in all respects and any kind of work required for thereof.

BHEL's scope

1. Arranging entry of the vendor and vendor's allied manpower for the inspection of electromagnet
2. Arrangement of entry of vendor's vehicle for transportation of electromagnet and gate pass for the same. Vendor has to submit the same gate pass in original at the time of entry of material after reconditioning.
3. Facilitation of crane and other manpower for shifting electromagnet on vendor's vehicle.

The total time period for completion of the process of the Electromagnet shall be 2 months. The vendors are however required to strive to complete the work at the earliest.
