2. BREIF DESCRIPTION OF WORK :

The CONTRACTOR shall be responsible to carry out successful commissioning of the Fired Heater and its auxiliaries in association with OWNER's (ONGC-Navagam) operating personnel by deputing trained operating team (with experience in similar plant / unit) comprising of commissioning lead engineers, control room and field operators.

The detailed scope of work is as given in the Annexure-I, Standards & Specifications, Drawings and SOQR enclosed to NIT.

3. LOCATION OF SITE:

The site is located at M/s ONGC, Navagam, Ahmedabad, Gujarat (40 Km approx. from Ahmedabad near Bareja). The tenderers are advised to visit the site before submission of the tender to assess for themselves the site conditions, the entry restrictions, safety requirements, labour regulations, local conditions etc. at Desalter Plant, M/s ONGC, Navagam, Ahmedabad, Gujarat.

4. EARNEST MONEY DEPOSIT

- I. The tenderer shall submit EMD for ₹18,800/- (Rupees Eighteen Thousand Eight Hundred only) in the following forms only:
 - a) Cash Deposit as permissible under the extant Income Tax Act (before tender opening).

10. PAYMENT TERMS:

Subject to any deduction which BHEL may be authorized to make under the contract, payment shall be made on the certification of the BHEL engineer at site, as explained hereunder: -

90 % progressive payment based on work done against monthly RA bills.

10% shall be retained towards Performance Guarantee for the service provided and shall become refundable on submission of final bill and after expiry of guarantee period/defect liability period, provided all the defects noticed during the guarantee period have been rectified and after deducting all expenses/other amounts due to BHEL. This retention amount can be released on commencement of guarantee period and submission of equivalent Performance bank guarantee valid for Defect liability period plus claim period of 3 months.

The 90% progressive payments shall be made against completion of milestone as detailed below.

- 30% on completion of pre commissioning activities duly certified by BHEL site engineer.
- 60% on completion of successful commissioning of Heater Package duly certified by BHEL site engineer.
- 10% on completion of test run of heater & handing over the heater to Customer.

11. MODE OF PAYMENT:

The mode of payment and measurement of work completed shall be as per relevant clauses of General Conditions of contract and Special Conditions of the contract.

Note: Payment will be released only through RTGS/ NEFT and all documents required for the same as specified in SCC are to be submitted by contractor along with the bill.

FINAL BILL

Final bill shall be submitted after completion of all works along with the following documents as specified in General Conditions of contract.

- a) Work Completion Certificate by BHEL Site-in-Charge.
- b) No Claim certificate by Contractor.
- c) Clearance Certificates wherever applicable viz. Clearance Certificates from Customer, various Statutory authorities like Labour Department, PF authorities, Commercial Tax Dept. etc.

12. GUARANTEE PERIOD:

Contractor shall stand guarantee for the quality of the services rendered by Contractor, including correctness / interpretation of test results for a period of 12 (twelve) months from the date of start of guarantee period (date of completion of Contractor work, as certified by BHEL site for respective packages). Contractor shall render free commissioning services as per provision of contract, during rectification work arising out of faulty commissioning services rendered by Contractor. In case Contractor fail to render the required commissioning services during such rectification works, within the time specified by BHEL Engineer, BHEL may proceed to get such services from any other agency at Contractor risk and cost without prejudice to any other rights of BHEL and recover the same from Contractor security deposit /other dues.

13. PRICE SCHEDULE, TAXES & DUTIES:

All overwriting/cutting, etc. will be numbered by bid opening officials and announced during bid opening.
- i. All rates shall be quoted in the tender format only.
- j. Tenderer should quote the rates and the amounts in figures. In case of any mismatch between the quoted rates and amounts, the quoted rates shall be considered as final

14. REVERSE AUCTION:

BHEL reserves the right to go for Reverse Auction (RA) (Guidelines as available on www.bhel.com) instead of opening the sealed envelope price bid, submitted by the bidder. This will be decided after techno-commercial evaluation. Bidders have to give their acceptance with the offer for participation in RA. Non-acceptance to participate in RA may result in non-consideration of their bids, in case BHEL decides to go for RA.

Those bidders who have given their acceptance to participate in Reverse Auction will have to necessarily submit 'Process compliance form' (to the designated service provider) as well as

'Online sealed bid' in the Reverse Auction. Non-submission of 'Process compliance form' or 'Online sealed bid' by the agreed bidder(s) will be considered as tampering of the tender process and will invite action by BHEL as per extant guidelines for suspension of business dealings with suppliers/ contractors (as available on www.bhel.com).

The bidders have to necessarily submit online sealed bid less than or equal to their envelope sealed price bid already submitted to BHEL along with the offer. The envelope sealed price bid of successful L1 bidder in RA, if conducted, shall also be opened after RA and the order will be placed on lower of the two bids (RA closing price & envelope sealed price) thus obtained. The bidder having submitted this offer specifically agrees to this condition and undertakes to execute the contract on thus awarded rates.

If it is found that L1 bidder has quoted higher in online sealed bid in comparison to envelope sealed bid for any item(s), the bidder will be issued a warning letter to this effect. However, if the same bidder again defaults on this count in any subsequent tender in the unit, it will be considered as fraud and will invite action by BHEL as per extant guidelines for suspension of business dealings with suppliers/ contractors (as available on www.bhel.com).

As a reminder to the bidders, system will flash following message (in RED Color) during the course of 'online sealed bid':

"Bidders shall submit online sealed bid less than or equal to their envelope sealed bid already submitted to BHEL".

15. COMPENSATION IN CASES OF DEATH / PERMENENT INCAPACITATION OF PERSON DUE TO UNINTENDED / UNFORESEEN OCCURENCES DURING MANUFACTURING / OPERATION AND WORK AT BHEL FACTORIES / OFFICES:

BHEL shall recover the amount of compensation paid to victim(s) by BHEL towards loss of life / permanent disability due to an accident which is attributable to the negligence of contractor, agency or firm or any of its employees as detailed below.

- a) Victim: Any person who suffers permanent disability or dies in an accident as defined below.
- b) Accident: Any death or permanent disability resulting solely and directly from any unintended and unforeseen injurious occurrence caused during the manufacturing / operation and works incidental thereto at BHEL factories / offices and precincts thereof, project execution, erection and commissioning, services, repairs and maintenance, trouble shooting, servicing, overhaul, renovation and retrofitting, trail operation, performance guarantee testing undertaken by company or during any works/during working at BHEL units/offices/townships and premises/project sites.
- c) Compensation in respect of each of the victims:
 - (i) In the event of death or permanent disability resulting from Loss of both limbs: ₹ 10,00,000/- (Rupees Ten Lakhs)
 - (ii) In the event of other Permanent disability: ₹ 7,00,000/- (Rupees Seven Lakhs)
- d) Permanent Displacement: A displacement that is classified as a permanent total disablement under the provision to Section 2(I) of the Employees Compensation Act, 1923".

16. LAW GOVERNING CONTRACT AND COURT JURISDICTION:

The contract shall be governed by the law for the time being in force in the republic of India. The Civil court having original civil jurisdiction at Visakhapatnam for HPVP shall alone have exclusive jurisdiction in regard to all claims in respect of the contract. No other civil court shall have jurisdiction in case of any dispute under this contract.

17. OVER RUN COMPENSATION (ORC) /IDLE CHARGES:

The contractor shall not be entitled to claim and the company shall not be liable to pay any amount on account of overrun compensation and idle charges, the overrun/ idling may be for whatsoever reasons.

18. PRICE VARIATION COMPENSATION (PVC):

The contractor shall be paid only at contract rate/ rates for the work executed and the contractor shall not be entitled to claim or receive any extra amount on account of any price escalations either in materials, labour, taxes/ duties etc., or for any reasons whatsoever and the contract rates are firm and fixed till the completion of the work in all respects.

19. PATENTS:

M/s BHEL - HPVP warrant on their part that any design instructions given by BHEL-HPVP shall not be such, as will cause contractor to infringe any letters of patents, registered designs, trademarks, copy right or other protected right valid in India the performance of work. Subject to this, contractor has to indemnify BHEL-HPVP against any claim for infringement by Contractor or any letters of patent, registered designs, registered trademarks or copy right or other protected right valid in India in performance of contract.

20. SECREC Y :

All the drawings, designs, specifications and other documents and information contained herein and any instruction given by BHEL-HPVP in the performance of contract, whether parenthetic or pardonable or not shall always remain the exclusive property of M/s BHEL - HPVP and contractor at no time shall question or dispute such right of M/s BHEL - HPVP. Such documents are given on loan by M/s BHEL - HPVP to contractor for the limited purpose of execution of work and shall be returned to M/s BHEL - HPVP in whole on completion of work. Contractor shall not publish or cause to be published any information on project, contract work covered by contract or contractors participation in it without the prior written concerned of M/s BHEL - HPVP. The provisions of this article shall survive expiry or earlier termination/ suspension of contract.

21. SAFETY:

Contractor shall adhere to safe construction practices and shall comply with the safety rules of M/s BHEL - HPVP / ONGC NAWAGAM in vogue at site.

22. VALIDITY OF OFFER:

The offer shall be valid for a period of **3 months** from the last date for tender submission.

23. RISK PURCHASE:

In case the contractor fails to execute the work due to any reason, BHEL reserves the right to get the same completed through some other party at the risk & cost of the contractor and any additional expenditure incurred due to the same shall be charged to the contractor.

24. GENERAL:**24.1 Bidders shall confirm their acceptance to all the terms & conditions of the tender enquiry.**

Deviations to the tender conditions are not acceptable and BHEL-HPVP reserves the right to reject such offers which do not meet Technical / Commercial requirements without any / further correspondence.

Bids not accompanied with requisite EMD/Valid NSIC/ Valid MSME registration certificate, late / delayed bids, incomplete / conditional offers, bids not conforming to the terms & conditions specified in the tender documents are liable for rejection.

24.2 BHEL reserves the right to modify or cancel or short close the tender at any stage at its discretion without assigning any reason thereof.

24.3 The bidders shall study the Tender documents and all other relevant documents in detail for understanding the scope of work involved in various items before submission of offers.

For any clarifications required on this tender document, scope of work etc., the bidders shall depute their authorized representatives to HPVP, Visakhapatnam with prior intimation to get clarifications from concerned authorities.

24.4 Sr. Manager (E&C) shall be the Engineer-in-charge for herein after referred to as such in the tender. For any technical clarifications, he may be contacted on Ph: 0891 – 668 1347, email id: ksbandhu@bhel.in

24.5 Lowest offer need not be the rate acceptable to BHEL-HPVP. BHEL-HPVP reserves the right for negotiation with the L1 bidders or opt for Reverse Auction as per applicable guidelines.

24.6 The following documents (enclosed) shall form part of the contract including this Notice Inviting Tender.

PART - I: TECHNO COMMERCIAL BID

25. TENDER COLLECTION:

Tender Documents can be downloaded from our Websites www.bhelviz.co.in & www.bhel.co.in.

26. TENDER SUBMISSION:

26.1 **The Bid shall be submitted in two parts.**

Part-I: Techno-Commercial Bid shall be placed in one cover along with the following documents:

- All pages of tender document after duly signed & stamped
- Earnest Money Deposit @ ₹ 18,800/- / Valid NSIC / Valid MSME Registration certificate
- Income tax returns, Profit & Loss account statement and Balance Sheet certified by the Practicing Chartered Accountant for the last 3 years
- Copy of P.F. Registration Certificate.
- Copy of E.S.I Registration Certificate.
- Experience Certificates in line with eligibility criteria
- Copy of GSTIN Registration Certificate.
- Copy of PAN &
- All other applicable documents as detailed in the tender

Part-II: Price Bid in the prescribed format shall be placed in **another separate cover.**

Note: The tender documents including the various supporting documents enclosed by the bidder should be signed on all pages with seal.

Both covers containing Part- I & Part- II bids shall be placed in **another** bigger size envelope duly superscribing the **Tender No. & Subject** on the envelope.

26.2 The tender completed in all respects **shall be dropped** in the **Outsourcing** tender box kept at reception counter, ADM building **latest by 14.00 Hrs. on 10.01.2020**

Bidder may also send their offers by Post to **"Outsourcing Tender Box, Admn. Building, BHEL - HPVP, Visakhapatnam - 530012"**.

Last date for receipt of tenders is **10.01.2020 up to 14.00 hrs.** BHEL-HPVP is not responsible for any postal or other delays in submission of offers.

Offers received in any other form will not be accepted.

26.3 Submission of offer by a tenderer implies that all the tender documents were read by the tenderer and the tenderer is aware of the scope and specifications of the work, site condition, local conditions and rates at which stores, tools and plant, free / chargeable materials etc., will be issued to him by BHEL - HPVP and other factors having bearing on the execution of the work.

27. OPENING OF TENDERS:

Techno-commercial Bids will be opened on **10.01.2020 at 14.00 Hrs.** at Customer Cell, Admn. Building, BHEL- HPVP. The bidders may depute their representatives at the time of opening. The price bid of the techno-commercially qualified bidders will also be opened in the presence of representatives of the bidders and the date & time of opening of price bids will be intimated later. In case of reverse auction, the date of conducting reverse auction will be intimated in advance at appropriate time.

If bids are not accompanied by requisite EMD/Valid NSIC Certificate/Valid MSME registration certificate along with Part- I (Techno Commercial Bid), then Part-II (Price Bid) will not be considered for opening.

28. For this procurement, Public Procurement (Preference to Make in India), Order 2017 dated 15.06.2017 & 28.05.2018 and subsequent orders issued by the respective Nodal Ministry shall be applicable even if issued after issue of this NIT but before finalization of contract / PO/VO against this NIT

In the event of any Nodal Ministry prescribing higher or lower percentage of purchase preference and / or local content in respect of this procurement, same shall be applicable.

Yours Faithfully,
For BHARAT HEAVY ELECTRICALS LIMITED,

(D Gowri Sankar)
Dy. Manager (OS)

SCOPE OF WORK**1.0 GENERAL DESCRIPTION:**

The BS & B Direct Fired Heater is rectangular in shape, located in Desalter plant of ONGC Nawagam. It has basically two sections a) Radiant section b) Convection section. The height of the heater up to top of stack is 18 meters. Radiant section will rest on fabricated structure grouted on the foundation. Convection section will come above the radiant section and finally stack above convection section.

The section wise details are as under.

1.1 Radiant Section

Radiant section is a box type having coil assembly in it along with supporting Columns, Bottom plate and Arch plate duly assembled. The radiant section will be totally lined with insulation along with fixing of Sight doors, observation doors, and access doors.

1.2 Convection Section

Convection section a box type assembly along with supporting Columns, Breeching plate duly assembled. Convection section is having the coil assembly in it. The Convection section will be totally lined with insulation along with fixing of observation doors, and access doors.

1.3 Cold Air Ducts**1.4 Flue Gas Ducts / Stack****1.5 Burners****1.6 Blowers with Motors and its auxiliaries**

In terms of the functions, The Fired Heater can be classified in the following components,

1. Fuel Reactor
2. Heat Exchanger
3. Economizer
4. Control system

FUEL REACTOR

The Fuel Reactor is the heat source for the process.

It delivers its heat through continuous high velocity flow of combustion gases at elevated temperature.

The products of combustion exit from the mouth of the fuel reactor as inert gases at approximately 1648 Deg.C. The fuel reactor is then basically an inert gas generator and its products are composed of carbon dioxide, nitrogen and water vapour.

The fuel burned in the reactor is raw gas with no premixing with air. This completely eliminates burner flashbacks.

HEAT EXCHANGER

This is essentially a shell and tube type Heat Exchanger. The basic principle of operation is that heat is transferred from hot gases through tube walls to a process medium. To obtain optimum operation each unit is individually sized and the physical properties of the process medium, inlet and outlet temperature and pressure are taken in to consideration in the design of the heat exchanger.

ECONOMIZER

This section of the heater is situated above the main cabin. Its primary purpose is to preheat the incoming process fluid (Crude Oil) and increase the fuel efficiency of the heater.

SCOPE OF WORK

::2::

The crude oil enters the process coils at the top header and flows downwards through two banks of finned serpentine coils situated on the inside of the insulated economizer enclosure.

The preheating of the entering crude oil is accomplished by convective heat transfer from the flue gas exiting the main cabin of the heater. The exiting flue gas moves counter currently upwards past the product flow in the process coils to exit from the top of the economizer cabin where it enters the stack and is dispersed to the atmosphere.

The preheated process fluid (Crude Oil) exits the economizer coil section at the bottom of each coil section through external pipe connections linking the economizer coils to the main cabin process coils.

The cabin of the economizer unit has been designed to allow the removal of the end section for inspection and cleaning purposes.

The flue gas inlet connections between the two cabins have been fitted with expansion bellows.

CONTROL SYSTEM

The controls for the heater can be divided into two groups, i.e. the flame safeguard system and the process temperature controls. The two systems, although interlocked, will be discussed separately.

Flame Safeguard System:

The flame safeguard system enables fully automatic or manual start up and control with its components individually designed by BS & B for each application. The system is designed to meet customer requirements.

The various safeguards include:

1. Positive proof of combustion air supply.
2. Pre-purge of heat exchanger with combustion air of about 3 minutes duration.
3. Pre-pilot light ignition check of all electronic components.
4. Low fire start.
5. Push button pilot light ignition.
6. Interlocks by process flow, process temperature, stack temperature, fuel gas and air pressure for safe operation.
7. Flame failure controls on pilot and main fuel gas lines.

All of these controls are designed for failsafe operation. In the event of malfunction of any component, the entire system remains safe and cannot be actuated until the malfunction is corrected. The operation is very simple and is set for automatic sequence start up.

Process Temperature Controls:

The proves temperature control system controls the firing rate of the fuel reactors through the fuel gas and combustion air control valves by means of a signal from the TIC or from the manual loading station, making it possible to provide the required range of firing of the fuel reactors.

2.0 SCOPE OF WORK

The Contractor shall be responsible to carry out pre-commissioning & successful commissioning of the Heater and its auxiliaries, inter connecting piping etc., in association with OWENER's operating personnel by deputing trained operating team (with experience in similar plant/ unit) round the clock basis comprising of commissioning lead engineers, control room operator and field operators.

Commissioning works of Fired heaters includes pre-commissioning & commissioning of fired heater in totality which included fuel gas fired burners (04 Nos.), process crude systems, fuel gas system, rotary equipment (blowers – 01 Nos.), utilities systems (fuel gas, cooling water, lube oils, instrument Air, services air etc.), Instrumentation systems and all other equipment/ systems related to fired heater required for commissioning. It also includes plant start up, plant stabilization at designed conditions and Performance Guarantee Run & handing over to customer.

2.1 Pre-commissioning

Pre-commissioning activities are to be carried out by the contractor. Pre-commissioning activities are defined as those activities which are required to be performed after completion / installation, inspection, hydro testing etc. of an equipment / system to make ready for commissioning. This shall include but not be limited to activities such as

- checking as per P&ID's
- internal inspection of Heater
- flushing, air blowing of pipelines including gasket blowing
- purging of system using nitrogen
- system leak test
- calibration of instruments
- calibration of safety valves
- checking of the electrical equipment for proper earthing

SCOPE OF WORK

::4::

- checking of valves operability
- No load run of motors
- Logic & interlock check
- Conducting operability test on individual rotary equipment / systems
- Charging of lubes

All the pre-commissioning activities are to be carried out by the contractor as applicable.

2.2 Ready for commissioning

The units shall be considered “Ready for Commissioning” when all the facilities have been completed along with its auxiliaries. This shall include but not be limited to activities such as,

- Charging of lubes.
- Trials run of machineries.
- Testing of PSV’s etc. for smooth and safe start-up and normal operation and ease of maintenance.
- All temporary structures, scaffolding etc used for carrying out the pre-commissioning works have been removed,
- All the blinds have been put into position as required by process.
- All systems as recommended by process licensors have been purged and pressurized.
- All the pre-commissioning and other documents including blinds list, set pressures of PSV’s have been prepared.
- The terminal has reached a stage of ready to charge.
- All logic & interlocks are checked and documented.
- Final Inspection before Start-of Commissioning.

Contractor to ensure that all safety devices like pressure safety valves (PSV), emergency shutdown valves are tested; the tests are witnessed and certified by representative of contractor / owner.

2.3 Start up and operate

The start-up activities are to be carried out by the contractor along with the owner. Responsibility for the start up activity lies with the contractor.

2.4 Commissioning

It shall be the responsibility of the contractor to commission the process unit. Commissioning of the unit will be carried out once mechanical completion is over successfully, all pre-commissioning activities are carried out and system is ready for commissioning under necessary guidance of OWNER / OWNER’s Representative.

Commissioning of the Process Unit shall mean taking the feed, passing it through the normal route, establishing the process control parameters at design value stipulated in the process package.

The process unit shall be considered to be commissioned successfully when all the units with instrumentation / control systems for process, utilities and support system have been on uninterrupted stable operation for not less than 72 hours.

After successful commissioning of the Heater, the same shall be handed over to the Owner for operation.

SCOPE OF WORK

::5::

2.5 Manufacturer's representative

It shall be the responsibility of the Contractor to coordinate with manufacturer's installation / services /commissioning engineer at site during pre-commissioning and commissioning of all the major equipment and systems as under:

- All Blowers & motors.
- All burners.
- Any other equipment for which it is felt necessary to call Vendor's representatives for proper commissioning.

Others

Contractor is required to maintain and follow all safety practices; equivalent or better than those being practiced by OWNER for the complex during pre-commissioning and commissioning.

3.0 RESPONSIBILITY OF CONTRACTOR

3.1 The Contractor shall depute trained operating team Comprising minimum of but not limited to the following experts

- Commissioning lead engineer
- Control Room Operators
- Field Supervisor

All expenses towards mobilization & demobilization, to & fro travel, local conveyance, medical, accommodation, insurance, PF, ESI etc., shall be deemed to be included in the quoted prices and no separate payments on account of such expenses shall be entertained.

3.2 A procedure for detailed commissioning and start-up & normal shut down shall be prepared by Contractor and to be submitted to ONGC for their review and approval before start of pre commissioning and commissioning activities

3.3 The Contractor shall submit the details of the time schedule and manpower deployment to be followed during commissioning.

3.4 The Contractor shall submit an Organisation chart of bidder's proposed commissioning team indicating the positions with the required qualifications and experience. The CONTRACTOR shall also specify the planned duration of stay of these personnel.

3.5 The Contractor shall submit Bio-Data of key personnel comprising the commissioning team.

CHAPTER -1

GENERAL INSTRUCTION TO TENDERERS

1.1. DESPATCH_INSTRUCTION:

- i) The General Conditions of Contract form part of the Tender specifications. **All pages of the tender documents shall be duly signed, stamped and submitted along with the offer in token of complete acceptance thereof.** The information furnished shall be complete by itself. The tenderer is required to furnish all the details and other documents as required in the following pages.
- ii) Tenderers are advised to study all the tender documents carefully. Any submission of tender by the tenderer shall be deemed to have been done after careful study and examination of the tender documents and with the full understanding of the implications thereof. Should the tenderers have any doubt about the meaning of any portion of the Tender Specification or find discrepancies or omissions in the drawings or the tender documents issued are incomplete or shall require clarification on any of the technical aspect, the scope of work etc., they shall at once, contact the authority inviting the tender well in time (so as not to affect last date of submission) for clarification before the submission of the tender. Tenderer's request for clarifications shall be with reference to Sections and Clause numbers given in the tender documents. The specifications and terms and conditions shall be deemed to have been accepted by the tenderer in his offer. Non compliance with any of the requirements and instructions of the tender enquiry may result in the rejection of the tender.
- iii) Integrity pact (IP) shall be applicable for all tenders / contracts if indicated in NIT. This integrity pact shall be issued as part of the Tender documents and shall be returned by the bidder along with Techno-commercial bid duly filled, signed and stamped by the authorized signatory who signs the bid. Only those vendors / bidders who have entered into such an IP with BHEL shall be considered qualified to participate in the bidding. Entering into this pact shall be a preliminary qualification

1.2. SUBMISSION OF TENDERS:

- 1.2.1 The tenderers must submit their tenders as per instructions in the NIT
- 1.2.2 Tenders submitted by post shall be sent by 'REGISTERED POST ACKNOWLEDGEMENT DUE / by COURIER' and shall be posted with due allowance for any postal/courier delays. BHEL takes no responsibility for delay, loss or non-receipt of tenders sent by post/courier. **The tenders received after the specified time of their submission are treated as 'Late Tenders' and shall not be considered under any circumstances.** Offers received by Fax/Email/Internet shall be considered as per terms of NIT.
- 1.2.3 Tenders shall be opened by authorised Officers of BHEL at the place, time and date as specified in the NIT, in the presence of such of those tenderers or their authorised representatives who may be present
- 1.2.4 Tenderers whose bids are found techno commercially qualified shall be informed the date and time of opening of the Price Bids and such Tenderers may depute their representatives to witness the opening of the price bids. BHEL's decision in this regard shall be final and binding.
- 1.2.5 Before submission of Offer, the tenderers are advised to inspect the site of work and the environments and be well acquainted with the actual working and other prevalent conditions, facilities available, position of material and labour, means of transport and access to Site, accommodation, etc. No claim will be entertained later on the grounds of lack of knowledge of any of these conditions.

1.3. LANGUAGE:

- 1.3.1 The tenderer shall quote the rates in English language and international numerals. These rates shall be entered in figures as well as in words. For the purpose of the tenders, the metric system of units shall be used.
- 1.3.2 All entries in the tender shall either be typed or written legibly in ink. Erasing and over-writing is not permitted and may render such tenders liable for rejection. All cancellations and insertions shall be duly attested by the tenderer.

1.4 PRICE DISCREPANCY:

- 1.4.1 **Conventional (Manual) Price Bid opening:** In the case of price bid opening without resorting to Reverse Auction, if there are differences between the rates given by the tenderer in words and figures or in amount worked out by him, the following procedure for evaluation and award shall be followed:
- When there is a difference between the rates in figures and in words, the rates which corresponds to the amounts worked out by the contractor, shall be taken as correct
 - When the amount of an item is not worked out by the contractor or it does not correspond with the rate written either in figure or in words, then the rate quoted by the contractor in words shall be taken as correct
 - When the rate quoted by the contractor in figures and words tallies but the amount is not worked out correctly, the rate quoted by the contractor shall be taken as correct and not the amount.
 - In case of lump sum price, if there is any difference between the amount in figures and in words, the amount quoted by the bidder in words shall be taken as correct.
 - In case of omission in quoting any rate for one or more items, the evaluation shall be done considering the highest quoted rate obtained against the respective items by other tenderers for the subject tender. If the tenderer becomes L-1, the notional rates for the omission items shall be the lowest rates quoted for the respective items by the other tenderers against the respective omission items for the subject job and the 'Total quoted price (loaded for omissions)' shall be arrived at. However, the overall price remaining the same as quoted originally, the rates for all the items in the 'Total quoted price (loaded for omissions)' shall be reduced item wise in proportion to the ratio of 'Original' total price and the 'Total quoted price (loaded for omissions)'.
 - The 'Final Total Amount' shall be arrived at after considering the amounts worked out in line with 'i' to 'iv' above.
- 1.4.2 **Reverse Auction:** In case of Reverse Auction, the successful bidder shall undertake to execute the work as per overall price offered by him during the Reverse Auction process. In case of omission of rates, the procedure shall be as per 'Guidelines for Reverse Auction' enclosed.

1.5. QUALIFICATION OF TENDERERS:

- Only tenderers who have previous experience in the work of the nature and description detailed in the Notice Inviting Tender and/or tender specification are expected to quote for this work duly detailing their experience along with offer.
- Offers from tenderers who do not have proven and established experience in the field shall not be considered
- Offers from tenderers who are under suspension (banned) by any Unit/Region/Division of BHEL shall not be considered.

- iv) Offers from tenderers who do not comply with the latest guidelines of Ministry/Commissions of Govt of India shall not be considered.

1.6. EVALUATION OF BIDS:

- i) Techno-commercial Bids submitted by the tenderer will be opened first and evaluated for fulfilling the Pre-Qualification criteria and other conditions in NIT/Tender documents, based on documentary evidences submitted along with the offer
- ii) In case the same qualifying experience is claimed by more than one agency, then the agency who has executed the work as per documentary evidence submitted shall only be qualified. Scope of qualifying work should be totally with the agency who has executed and in case it is only labour + consumables without T&P, then the responsibility of execution is assigned to the first agency and not to the agency who has executed only as labour supply contractor. Further, BHEL reserves the right to ask for further proofs including submission of TDS certificates for the said job
- iii) In case the qualifying experience is claimed by private organizations based on Work Order and completion certificates from another private organization, BHEL reserves the right to ask for further proofs including submission of TDS certificates for the said job
- iv) Assessing Bidder Capacity for executing the current tender shall be as per Notice Inviting Tender
- v) Price Bids of shortlisted bidders shall only be opened either through the conventional price bid opening or through electronic Reverse Auction, at the discretion of BHEL
- vi) Price Bids of unqualified bidders shall not be opened. After release of Letter of Intent / Work Order, the un-opened bids (including price bids) shall be returned to respective bidder along with reasons for not opening the bid.

1.7. DATA TO BE ENCLOSED:

2.5 DEVIATIONS:

The contractor shall not make any alteration and addition to or omission from the work as described in the tender documents except in pursuance of the written instructions of the Engineer-in-Charge. No such DEVIATION from the work described in the tender documents shall be valid unless the same has been specifically confirmed in writing.

The Accepting Officer may deviate, either by way of addition or deduction from the work so described provided that the contract sum thereby carried on the whole, by not more than the percentage set out in the tender documents. The value, of all additions and deductions will be added to or deducted from the contract sum. Whenever the Accepting Officer intends to exercise such a right, his intention shall specify the deviations, which are to be made on the lump sum assessment or the proposed basis of payment, the extra items allowed, if any, and the date for completion of entire contract. Any objection by the contractor to any matter consisting the order shall be notified by him in writing to Engineer-in-Charge within seven days from the date of such order, but under no circumstance shall the work be stopped (unless so ordered by the Engineer-in-Charge) owing to such difference or controversy that may arise from such an objection by the contractor. The Contractor shall be deemed to have accepted the order and the conditions stated therein. In the event of the contractor failing to agree with Engineer-in-Charge regarding the terms of proposed deviation, the objection shall be referred to the Accepting Officer or officer authorized by Accepting Officer whose decision shall be binding on the contractor.

2.6 TIME:

Time is the essence of the contract and is specified in the tender document or in each individual work order.

As soon as possible after the contract is let or any substantial work order is placed and before the work is to begin, the Engineer-in-Charge and the contractor shall (if so required by the Engineer-in-Charge) agree a time and progress chart for completion of the work within the scheduled time. The chart in the work order shall have the completion date of the individual items thereof and/ or the contract or order as a whole. It shall indicate the forecast of the dates for commencement and completion of the various processes or sequences of the work, and shall be amended as may be required by agreement between Engineer-in-Charge and contractor writing the limitations of time imposed in the tender document or order.

In the absence of any specific time and progress chart to be agreed to between the contractor and Engineer-in-Charge, the contractor shall ensure and maintain, uninterrupted progress of the work such that the entire work shall be completed within the time imposed in the tender documents or order and the proportion of work that shall be completed up to any time in relation to the entire work to be done under the contract or order shall not be less than the proportion that the time elapsed bears to the total time of completion provided in the tender documents or order. The contractor shall suspend the execution of the work or any part or parts thereof whenever called upon in writing by the Engineer-in-Charge. The contractor will be allowed an extension of time for completion limited to not less than the period of suspension but no other claim in respect for compensation or otherwise whatsoever will be admitted. Time may also be extended to allow for alteration of work made by the deviation order as may be decided upon by the Engineer-in-Charge in consultation with the contractor.

2.7 STORE AND MATERIALS:

The contractor shall, at his own expense, supply all stores and material required for the contract other than free issue materials provided by BHEL at the rates detailed therein subject to their availability at the place of issue indicated therein. All stores and materials to be supplied by the contractor shall be of the best kind as described in the specification and the contractor shall ensure that the stores and materials so comply with the specifications. The contractor shall, at his own expense and without delay, supply samples of stores and materials proposed to be used in the execution of the work for the approval of Engineer-in-Charge, who may reject all stores and materials not corresponding either in quantity or character to the approved samples. The stores and materials so rejected shall be duly replaced by the Contractor in time to ensure completion of the work as scheduled and the rejected stores/ materials shall also be replaced by him at his own cost and effort.

When in such case(s) the accepting officer, on recommendation of the Engineer-in-Charge (or higher authority) to be specified in this regard, may make fair and reasonable extension in the completion date of the individual items of work of the contract as a whole. Such extension, which will be communicated to the contractor by the Engineer-in-Charge in writing, but shall nevertheless use constantly his best endeavour to prevent or make good the delay and shall do all that may be reasonably required to the satisfaction of the Engineer-in-Charge to proceed with the work. The delay caused on this account may be waived by the Accepting Officer on merit, based on the written request of the Contractor.

2.9 PATENT RIGHTS:

The contractor shall fully indemnify BHEL or the agent servant or employees or BHEL against any action, claim or proceeding to infringement or the use of any patent or design or any alleged patent or design rights, and shall pay any royalties which may be payable in respect of article or part thereof included in the contract. In the event of any claims being made or action against BHEL in respect of any of the matters aforesaid, the contractor shall immediately be notified thereof for taking necessary action provided that the payment of indemnity shall not apply when such infringement has taken place, in complying with the specific direction issued by BHEL but the contractor shall pay any royalties payable in respect of any such use.

2.10 TAXES & DUTIES:

All charges on account of taxes and/or duties on materials obtained for the work (excluding materials provided by BHEL) shall be as per Notice of Inviting tender.

2.11 ROYALTIES:

Royalties fixed from time to time as per prevalent local rules will be recovered for materials, after which the contractor may be allowed to remove from quarries situated on land, which is in the charge of BHEL authorities.

2.12 PLANT:

The contractor, shall at his own expense, supply all tools plants and equipment (herein after referred to as T & P) required for the execution of the contract, as specified in the tender documents.

2.13 ASSIGNMENT OR TRANSFER OF CONTRACT:

The contractor shall not without prior written approval of the accepting officer, assign or transfer the contract or any part thereof or any share, or interest wherein to any other person. No sum of money which may become payable under the contract shall be payable to any person other than the contractor without prior written approval of Accepting Officer to the assignment or transfer of such money.

SUB CONTRACT: The contractor shall not sub-contract any portion of the contract without the prior written approval of the Accepting Officer.

2.14 LAWS GOVERNING THE CONTRACT:

BHEL reserves the right to take penal action as deemed fit if any information provided by the vender / contractor is found to be incorrect. This contract shall be governed by the Indian Laws for the time being in force.

2.15 COMPLIANCE TO REGULATION AND BYE LAWS:

The contractor shall conform to the provisions of any statute relating to the work and regulations and bye-laws of any local authority and of any water and lighting companies or undertakings with whom/whose systems the work is proposed to be connected. Before making any variation from the drawings or specifications so as to necessitate for such connections the contractor shall give notice to Engineer-in-Charge specifying the variations proposed to be made and the reasons thereof. Until he has received instructions from the Engineer-in-Charge in respect thereof, the contractor required shall be bound to give all notice by statute regulations or bye-laws as aforesaid and to pay all fees and taxes payable to any authority in respect thereof.

PERFORMANCE OF THE CONTRACT

2.16 ORDERS UNDER THE CONTRACT:

All orders, notices etc. to be given under the contract shall be in writing, typescript or printed and if sent by registered post to the address given in tender of the contractor, shall be deemed to have been on the date when in ordinary course they would have been delivered to him. The contractor shall carry out without delay all orders given to him.

2.17 ADMISSION TO THE SITE:

The contractor shall not enter on (other than for inspection purpose) or take possession of the site unless permitted to do so by Engineer-in-Charge. The portions of the site to be occupied by the contractor shall be clearly defined and marked on the site plan, and the contractor will not on any account be allowed to extend his operations beyond these areas.

The contractor shall be provided if necessary or required at site, temporary access thereto and shall modify and maintain the same as required from time to time. He shall take out and clear away and access route when no longer required, restoring the area to its original condition. The Engineer-in-Charge shall have power to execute other works whether or not connected with the work in contract agreement on the site contemporaneously with the execution of the original work and the contractor shall give reasonable facilities for this purpose.

BHEL reserves the right of taking over, at any times any portion of the site which they may require and the contractor shall at his own expense clear such portion forthwith. The photographs of the site of work or any part therein shall be taken, published or otherwise circulated with the prior approval of Engineer-in-Charge.

No such approval shall, however, exempt the contractor from complying with any statutory provision in regard to the taking and publication of such photograph. No such approval shall, however, exempt the contractor or shall give him the right to entry to the site at all time. The Engineer-in-Charge shall have the power to exclude from the site any person of the Contractor whose admission thereto may in his opinion be undesirable for any reason whatsoever.

In respect of all labours directly or indirectly employed in the work of the performance of the contractor's part of the contract, the contractor shall its own expenses arrange for the safety provisions as per BHEL safety clause framed from time to time and shall its own expense provide for all facilities in connection therewith. In case the contractor fails to make arrangement and provide necessary facilities aforesaid the Engineer-in-Charge shall be at liberty to make arrangement and provide facilities as aforesaid and recover in full the costs incurred in that behalf from the contractor.

Should it appear to the Engineer-in-Charge that the contractor is not properly observing and complying with the provisions of the BHEL Contractor's Labour Regulations and Model Rules and the Contract Labour (Regulation and Abolition) Central Rules 1971, for the protection of health and sanitary arrangements for the workmen employed by the contractor, (hereinafter referred as "the said Rules") the Engineer-in-Charge shall have the power to give notice in writing to the contractor requiring that the said rules be complied with and the amenities prescribed therein be provided to the workmen within a reasonable time to be specified in the notice. If the contractor shall fail within the period specified in the notice to comply with and/observe the said Rules and to provide the amenities to the workmen as aforesaid, the Engineer-in-Charge shall have the power to provide amenities herein before mentioned at the cost of the contractor.

The Engineer-In charge may require the contractor to dismiss or remove from the site of the work any person or persons in the contractor's employee upon the work who may be incompetent or misconduct himself and the contractor shall forthwith comply with such requirements.

It shall be the responsibility of the contractor to see that the building under construction is not occupied by anybody unauthorized during construction, and is handed over to the Engineer-in-charge with vacant possession of complete building. If such building though completed is occupied illegally, then the Engineer-in-charge shall have the option to refuse to accept the said building/ buildings in that position.

However, the Engineer-in-charge, through a notice, may require the contractor to remove the illegal occupation any time on or before construction and delivery. The contractor will be liable for all payments to be made under the law and for the observance of the regulations aforesaid without prejudice to his right to claim indemnity from his subcontractor.

2.20 ACCOMMODATION FOR LABOUR:

The contractor shall during the progress of the work, provide, erect and maintain at his own expense and approved standards and scales, all necessary temporary living and sanitary accommodation required for his work people on the site, in connection with the execution of the work and also arrange for supply of wholesome drinking water for his work people.

The planning, sitting, layout and erection of these temporary buildings shall be approved by the Engineer-in-Charge and the whole of such temporary accommodation shall at all times during the progress of the work be kept tidy and in clean sanitary conditions to the entire satisfaction of the Engineer-in-Charge and at the

contractor's expenses. The contractor shall confirm generally to the sanitary requirements of the local medical and health authority and at all times with such precautions that may be necessary to prevent soil pollution of the site.

On completion of the work all such temporary buildings shall be cleaned away, all rubbish burnt, excrete or other disposal pits or trenches filled and effectively sealed off and the whole of the site left clean and tidy to the entire satisfaction of the Engineer-in-Charge and at the contractors expense.

2.21 ANTI MALARIAL PRECAUTION:

The contractor shall at his own expenses, conform to all anti-malarial instruction given to him by the Engineer-in-Charge including filling up of borrow pits, if any.

2.22 CONSERVANCY:

The contractor shall at his own expenses, carry out all instructions issued to him by Engineer-in-Charge to effect a proper disposal to night soil and other conservation work in respect of the contractors work people or his employees on the site.

The contractor will bear the cost of any charges levied by the local authority for the execution of such work on his behalf.

2.23 NUISANCE:

The contractor shall not at any time do, cause or permit any nuisance on the site or do anything which may cause unnecessary disturbance or inconvenience to the owners, tenants or occupier of other properties near the site and to the public generally and shall secure the efficient protection of streams and water ways against pollution.

2.24 WATER & ELECTRICITY:

Water and electricity shall be supplied to the contractor by the department subject to the following conditions:

- i) One/ two source of supply of water/ electricity points, to be decided by Engineer-in-Charge, shall be provided by BHEL. However, contractor shall have to make their own arrangement for laying of pipelines/ connection from the main source of supply for working at site.
- ii) Department do not guarantee to maintain uninterrupted supply of water/ electricity and it will be incumbent on the contractor to make alternative arrangement for proper supply of the same at their own cost in the event of any break down in the government water/ electricity mains so that the progress of work is not held up for the want of the same. No claim of damage or refund will be entertained on account of such break down.
- iii) In case of non-availability of above facilities at work place, contractor has to make his own arrangements at his cost or as mentioned in the NIT.

2.25 TEMPORARY WORKSHOPS STORES etc.:

The contractor shall, during the progress of work, provide, erect and maintain at his own expense all necessary temporary work-shops, stores, offices etc. required for the proper and efficient execution of work. The planning, sitting and execution of these buildings/ works shall have the approval of the Engineer-in-Charge and the contractor shall at all times keep them tidy in a clean and sanitary condition to the entire satisfaction of the Engineer In-charge.

2.26 STORES AND MATERIALS ON SITE:

All stores and materials for the work are to be deposited by the contractor only in places to be indicated by the Engineer-in-Charge, where in accordance with the contract, stipulations certain stores and materials (for incorporation in the work) are to be issued to the contractor by BHEL as detailed.

BHEL free issue items will be so issued only to the extent required for the actual completion of the work as stipulated in the contract. The decision of Engineer-in-Charge / Head of the department regarding the quantities to be issued as above shall be final and binding on the contractor. For any excess quantities consumed on the work, the cost will be recovered from the contractor at punitive rates, which will be as mentioned in Schedule "B".

As regard issue of material and stores to be issued to the contractor by BHEL, the contractor shall give the Engineer-in-Charge reasonable notice in writing of his requirement of such stores/ materials and on the approval of his demand being notified to him, he shall make immediate arrangement for drawing the same. Such stores and materials shall be transported by the contractor at his own expense direct from the place of issue to the site of work with the prior written approval, obtained from the Engineer-in-Charge to take them to a store or work shop or elsewhere. BHEL officers connected with the contract shall have the power at any time to inspect and examine any stores or at any factory or workshop or other place where material intended to be used in or on the workshop, or other places such stores or materials are being fabricated or manufactured, or at any place where the same are lying and the contractor shall give necessary facilities for such inspection and examination.

The Engineer-in-Charge shall be entitled to have tests made of any stores or materials supplied by the contractor who shall provide at his own expense all facilities which the Engineer-in-Charge may require for this purpose. If at the discretion of Engineer-in-Charge, independent expert is employed to make any such test, his charges shall be borne by the contractor only, if the test disclosed that the said stores or materials are not in accordance with the provisions of the contract.

Should the Engineer-in-Charge consider at any time during the construction or reconstruction or prior to the expiry of the maintenance period that the stores or materials provided by the contractor are unsound or of a quality inferior to the constructed or otherwise and not in accordance with the contract (in respect whereof the decision of the Engineer-in-Charge shall be final and conclusive). The contractor shall on demand in writing from the Engineer-in-Charge specifying the stores or materials complained or notwithstanding that the same may have been inadvertently passed, certified and paid for, forthwith remove the stores or materials so specified and provide other proper and suitable stores or materials at his own expense to the entire satisfaction of Engineer-in-Charge and in the event of his failing to do so within a period to be specified by Engineer-in-Charge in his demand aforesaid, the Engineer-in-Charge may replace with others, the stores or materials complained of, at the risk and expense in all respect of the contractor.

The liability of the contractor under this condition shall not extend beyond the maintenance period aforesaid except as regard stores or materials, which the Engineer-in-Charge shall have previously given, notice to the contractor to replace that. (Maintenance period for any work under this organization will be TWELVE MONTHS from the date of actual completion of the particular work and handing over to BHEL in the case of building works and SIX MONTHS for all other works.).

All stores and materials brought to the site shall become and remains the property of BHEL and shall not be removed from the site without the prior written approval of the Engineer-in-Charge. However, when the work is finally completed, the contractor shall at his own expense forthwith remove from the site surplus stores and materials originally supplied by him and upon such removal the same shall revert and become the property of the fixing in the work and which after making due allowance for the reasonable wear and tear/ or waste have not on completion of the works been so incorporated or fixed, shall be returned by the contractor at his own expense to the place of issue.

Credit for surplus stores and/ or material returned by the contractor to BHEL will be given to him at a price, based on the prevailing market rate but not exceeding that at which the said stores and materials were originally issued to him but due consideration shall be given to the allowance claimed by BHEL, in respect of any depreciation or damage suffered by the stores and / or materials while in the custody of the contractor regarding which the decision of Engineer-in-Charge shall be final and conclusive.

If in the opinion of the Engineer-in-Charge (which will be final and conclusive) any stores supplied by the BHEL have either during progress of work or after completion of work but under the custody of the contractor, become damaged to such an extent that they cannot be usefully utilized either in the same work or in other work, the Engineer-in-Charge shall not accept the stores and in the event of his so rejecting, the contractor shall be charged for the said stores at a rate fixed by the accepting officer. The contractor shall not be entitled to any claim whatsoever on this account.

GST COMPLIANCE FOR INDIGENOUS SUPPLIERS / CONTRACTORS

1. In Response to Tenders for Indigenous supplier will be entertained only if the vendor has a valid GSTIN which should be clearly mentioned in the offer. If any specific exemption is available, a declaration with due supporting documents need to be furnished for considering the offer.
2. Supplier shall mention their GSTIN in all their invoices and invoices shall be in the format as specified/prescribed under GST laws. Invoices shall necessarily contain Invoice number (in case of multiple numbering system is being followed for billing like SAP invoice no, commercial invoice no etc., then the Invoice No which is linked/uploaded in GSTN network shall be clearly indicated), item description as per PO, Quantity, Rate, Value, applicable taxes with nomenclature (like IGST, SGST, CGST & UTGST) separately, HSN/ SAC Code, etc.
3. All invoices shall bear the HSN Code for each item separately (Harmonized System of Nomenclature)/ SAC code (Services Accounting Code).
4. A declaration to the effect that all invoice particulars are/were uploaded in the GSTN network/ portal & all tax liability as per GST rules and regulations have been and will be discharged, shall be mentioned in the invoice. If not mentioned in the invoice, a separate declaration shall be submitted as per the requirement of BHEL.
5. All documents like Test Certificate, LR copy, Guarantee/Warrantee certificate, work completion certificate, any other document mentioned in PO, shall be sent along with the vehicle/consignment where ever applicable. For all consignments received within the calendar month, input credit will be availed within that month in line with monthly returns filing cycle. In case of any discrepancy in the document or non-submission of documents mentioned in the PO, then BHEL will not be able to accept or account the material, in such case availing of tax credit will be deferred to next month or so.
6. In case of discrepancy in the data uploaded by supplier in the GSTN portal or in case of any shortages or rejection in the supply, then BHEL will not be able to avail the tax credit and will notify the supplier of the same. Supplier has to rectify the data discrepancy in the GSTN portal or issue credit note (details to be uploaded in GSTN portal) for the shortages or rejections in the suppliers, within the calendar month notified by BHEL.
7. For any such delay in availing of tax credit for reasons attributable to supplier (as mentioned above), interest (calculated @ SBI Base Rate + 6%) along with penalty if any will be deducted for the delayed period i.e. from the month of receipt till the month tax credit is availed, from the running bills.
8. Under GST regime, BHEL has to discharge GST liability on LD recovered from suppliers/contractors. Hence applicable GST shall also be recoverable from suppliers/contractors on LD amount. For this Debit note will be issued by BHEL indicating the respective supply invoice number.
9. This is to inform that GST portion of invoice, shall be released only upon Vendor declaring such invoice in his GSTR-1 and receipt of goods and Tax invoice by BHEL and Confirmation of payment of GST thereon by vendor on GSTN portal. Alternatively, BG of appropriate value may be obtained from vendor which shall be valid At least one month after the confirmation of date of payment of GST by vendor on GSTN portal and receipt of Tax invoice and receipt of goods, whichever is later. Above is subject to receipt of goods/service and tax invoice thereof along with vendor declaring invoice in his return and paying GST within timeline prescribed for availing ITC by BHEL.
10. That in case vendor delays Declaring such invoice in his return and GST credit availed by BHEL is denied or reversed subsequently as per GST law, GST amount paid by BHEL towards such ITC reversal as per GST law shall be recoverable from vendor/contractor along with interest levied/ leviable on BHEL.

Note: The above will be followed strictly for Processing vendor payments to ensure GST Compliance.
