Pre-qualification criteria for Air Receiver

Dt 17th November 2016

The Bidder is required to meet the provenness criteria for Air Receiver required for Air Preheater application as per criteria stipulated below.

The Bidder should have experience in the field of design, manufacturing and supply of pressure vessel as per ASME section VIII, Division-1. The bidder should have previously designed (shall be supported with typical calculations for supplied item) manufactured and supplied the Air Receiver tank of minimum 10 m³ capacity or product of similar pressure vessels. The supplied item shall be in continuous operation in at least two power plants or similar nature of applications for a period not less than one year on the date of techno-commercial bid opening.

The following information should be submitted by the vendor where the Air Receiver tank has been supplied:

1. Name of the customer where the Air Receivers tank are installed.
2. Complete postal address of the customer.
3. Name, designation and contact details of the contact person of the customer.
4. Month & Year of commissioning.
5. Copy of performance certificate from the customers regarding satisfactory performance of the supplied items.

BHEL reserves the right to verify the information (supporting documents for points 1 to 5) and other credentials provided by the vendor. In case the information provided by the vendor is found to be false/ incorrect, the offer shall not be eligible for consideration.

BHEL approved Vendors with VPR of less than 75% and or overdue of more than one month of the agreed delivery will not be considered

Other vendors need to provide atleast two documentary evidences for their delivery performance substantiating the proof of timely supply, copies of the purchase order and installation certificate from the client.
