

**PQC:**

Vendor should have supplied similar equipment of same capacity in last 7 years. Proof of evidence of supply of the equipment should be provided.

**Portable Inverter based Welding machines, along with Cables****Specification:**

Makes: Ador, Esab , D&H

**Input Supply:**

- 3Phase Voltage- 415V, +15%, -10%, 50Hz

**Output:**

- Welding Current Range: 10-400Amps
- Suitable for Welding Electrode Size: Unto 6.0 mm
- Ingress Protection: IP23
- Cooling: Forced Air
- Weight: less than 50Kgs
