We are an integrated power plant equipment manufacturer and one of the largest engineering and manufacturing companies in India in terms of turnover. We were established in 1964, ushering in the indigenous Heavy Electrical Equipment industry in India - a dream that has been more than realized with a well-recognized track record of performance. The company has been earning profits continuously since 1971-72 and paying dividends since 1976-77. [BHEL Corporate site](#)
