SCOPE OF WORK : "Labour Contract for Part-A (i) Unloading, shifting & issuing of fresh materials (ii) Loading, shifting & unloading of scrap materials and Part-B: Repair & maintenance of trollies and bins including painting and writing etc. for a period of 12 months."

WORK SPECIFICATION

Details of work

A. Salient features & scope of work.

- 1) We at BHEL Jhansi Manufacture Locomotive and Transformers.
For manufacture of Locomotive & Transformer, various raw materials, component comes to BHEL Jhansi from different parts of the country.

The store department of BHEL Jhansi unloads these materials on daily basis through the contractors. After unloading of materials in CRX (Central Receiving Section) and clearance of same by QC, the material is shifted to various custody stores. These are then stacked in various bins. This is done through the contractor.

The stock verification is being done by counting the materials in various bin cards.

Various custody stores, issue of materials to various user departments is being done through the contractors under the supervision of concerned store keeper

The scrap materials generated at various shops are being put in scrap bins located nearer to each shop. These scrap materials are being collected by the contractors on daily basis with the help of BHEL supplied tractors/ trolley / trailers and shift the same to scrap yard after doing weighing in weighing bridge. Thereafter, the scrap materials are unloaded and kept in respective scrap locations.

Various materials are issued to various vendors / suppliers as free issue material/ job work basis. These materials are being loaded on the vehicle by the contractor with the help of cranes/ lifters.

In gas godown, the various gas cylinders are unloaded and kept in stacking condition. The empty gas cylinders are loaded on the vehicles for returning to the parties.

Some of the filled gas cylinders are issued to various shops and empty cylinders are collected from various shops.

Filled oxygen cylinders are connected to the oxygen battery and empty cylinders are removed from the battery and stacked. So also in case of LPG Gas cylinders.

(Signature, seal & Stamp of bidder)

All the above works are done/completed through the contractor daily. During unloading of the vehicles, sometimes it may take time to decide the place of unloading. Also sometimes, due to engagement of cranes in some other work, it has to be waited for few hours. But work has to be completed on the same day. In rare cases, where it is not feasible to unload the material on the same day due to resource constraint or any other unavoidable reasons, the same can be done on the very next day irrespective of Sunday or non-gazetted holiday.

Under this Contract labour deployment shall be in two different area which is designated as A and B. A shall be (i) Unloading, shifting & issuing of fresh materials (ii) Loading, shifting & unloading of scrap materials and B shall be Repair & maintenance of trollies and bins including painting and writing etc. Separate invoices has to be submitted for Part A and Part B. Brief work description is given in below appended tabular format.

(Signature of the Contractor with Name. Designation & Seal)

(Signature, seal & Stamp of bidder)

Special Terms and Conditions of Contract

The following special terms and condition are to bring out more clarity in General terms and conditions of Enquiry.

- 1) 100% Contract shall be awarded to single bidder only (Refer Clause no Q of General Terms and conditions of enquiry)
- 2) The minimum commission charges (in price bid) shall be 1.76%. The excel sheet will not permit this commission to be less than 1.76%. Bidders to fill excel sheet, take print & sign as per GTC, clause II A, B & C). In case commission charges quoted by bidder is less than 1.76% than the offer of the bidder shall be rejected.
- 3) In case of tie in Price bid the same shall be decided by as per Clause No. O of GTC.
- 4) Under this Contract labour deployment shall be in two different area which is designated as A and B. A shall be (i) Unloading, shifting & issuing of fresh materials (ii) Loading, shifting & unloading of scrap materials and B shall be Repair & maintenance of trollies and bins including painting and writing etc. Separate invoices has to be submitted for Part A and Part B. Estimated man-days required on daily basis for part A is 25.5 man-days and for part B is 3.5 man days.
- 5) BHEL reserves the right to go for Reverse Auction (RA) (Guidelines as available on www.bhel.com) instead of opening the sealed envelope price bid, submitted by the bidder. This will be decided after techno-commercial evaluation. Bidders to give their acceptance with the offer for participation in RA. Non-acceptance to participate in RA may result in non-consideration of their bids, in case BHEL decides to go for RA. Those bidders who have given their acceptance to participate in Reverse Auction will have to necessarily submit 'Process compliance form' (to the designated service provider) as well as 'Online sealed bid' in the Reverse Auction. Non-submission of 'Process compliance form' or 'Online sealed bid' by the agreed bidder(s) will be considered as tampering of the tender process and will invite action by BHEL as per extant guidelines for suspension of business dealings with suppliers/ contractors (as available on www.bhel.com). The bidders have to necessarily submit online sealed bid less than or equal to their envelope sealed price bid already submitted to BHEL along with the offer. **The envelope sealed price bid of successful L1 bidder in RA, if conducted, shall also be opened after RA and the order will be placed on lower of the two bids (RA closing price & envelope sealed price) thus obtained. The bidder having submitted this offer specifically agrees to this condition and undertakes to execute the contract on thus awarded rates.**

If it is found that L1 bidder has quoted higher in online sealed bid in comparison to envelope
