SPECIAL INSTRUCTIONS

1. Kindly read this set of Special Instructions carefully before filling up the tender form.
2. **Pre-Qualification Requirements placed at Annexure D must be fulfilled by the vendor to participate in the tender and submitted along with Techno-Commercial Bid.**
3. The bidders are to submit the tender form along with all Annexures as well as this set of Special Instructions (Attachment-A); all pages duly signed.
4. The tender is to be submitted in two parts, viz.: i) Techno Commercial Bid and ii) Price Bid. Documents related with Pre-Qualification Requirements i.e. Annexure-D must be submitted along with Techno-Commercial Bid.
5. Both the Techno Commercial Bid and Price Bid are to be sealed separately in separate envelopes super-scribed with **“Techno Commercial Bid for Tender no. : “FF: 16: MFG: RM: MEEE: 07”** and **“Price Bid for Tender no. : “FF: 16: MFG: RM: MEEE: 07”** respectively and then placed in a common envelope super-scribed with **“Tender for Tender No.: “FF: 16: MFG: RM: MEEE: 07”**. The Techno Commercial Bid must also contain an un-priced copy of Price Bid.
6. Only the Techno Commercial bid will be opened on the day of tender opening. The Priced Bid will be opened only if Techno Commercial Bid(s) are found Technically Suitable & Acceptable. Date of opening of Price Bid will be intimated to all technically suitable and acceptable bidders at a suitable time.
7. Once Price Bids are opened and accepted by BHEL, the same cannot be withdrawn by the bidder for whatsoever reasons. In case a bidder withdraws his/her/their tender, suitable action may be taken by BHEL as deemed fit. This may include black listing of bidder or legal action.
8. If there is a difference found in the figures & words of the offered price. The price given in the words will be considered.

(PRICED PRICE BID TO BE SEALED IN SEPARATE ENVELOP)

Name & Address of Bidder	:	
Tender Notice No.	:	FF: 16: MFG: RM: MEEE: 07; Dated:04/01/2017
Last Date & Time for receipt of Tender	:	13:30 hrs on 30/01/2017
Date & Time for opening of Tenders	:	14:00 hrs on 30/01/2017
Place for opening of Tenders	:	Tender Room, CFFP, BHEL
Nature of Contract	:	Assistance to production during operation & Preventive/Breakdown maintenance of 2650T forging press and 25T manipulator of Medium forge shop.
Period of Contract		12 months

SCOPE OF WORK

1.0	Work Schedule 1: Breakdown & Preventive Maintenance of three number High Pressure Pumps.	Total Jobs (Units) (Quantity)	Estimated Rates Rupees/Unit	Quoted Price Rupees/Unit
1.1	Repair of pilot valve	210 (Attending Any one job 1.1 to 1.7 equivalent to one unit of job)	1349.0	
1.2	Repair of Stuffing Box			
1.3	Repair of Tandem valves			
1.4	Repair of lubrication pump, cleaning and changing of filter unit, checking and making of oil level. Cleaning and repair of circulation and cooling lines along with heat exchanger.			
1.5	Fixing, tightening and welding of clamps and mountings of suction and discharge lines.			
1.6	Dismantling, repair, cleaning and mounting of bypass valve.			
1.7	Dismantling, cleaning, repair of boost pump, valve, motor along with complete assembly..

Signature of Bidder/Tenderer

2.0	Work Schedule 2: Breakdown & Preventive Maintenance of Mercury unit and Accumulator Station			
2.1	Dismantling of mercury unit, cleaning and drying of water from unit, cleaning of electrical contacts, filling/removing of mercury from unit along with assembly and trial.	120 (Attending Any one job 2.1 to 2.4 equivalent to one unit of job)	684.00	
2.2	Repair of high Pressure Valves for Accumulator			
2.3	Operation and maintenance of high pressure compressor for filling air in high pressure vessel.			
2.4	Dismantling, cleaning and repair of mercury unit high pressure valves.			
3.0	Work Schedule 3: Breakdown & Preventive Maintenance of high pressure line shut off valve and automatic shutoff valve.			
3.1	Welding of High pressure Lines	120 (Attending Any one job 3.1 to 3.4 equivalent to one unit of job)	1369.00	
3.2	Repair of shut off valve			
3.3	Repair of automatic shut off valve			
3.4	Repair of Pilot valve of automatic shut off valve			
4.0	Work Schedule 4: Breakdown & Preventive Maintenance of main control block, Long table control block, Cross table control block, switch control block and step control block			
4.1	Dismantling of assembly and replacement of rocker bush of drive and feed back end.	600 (Attending Any one job 4.1 to 4.20 equivalent to one unit of job)	913.00	
4.2	Dismantling of assembly and replacement of damaged/worn out packings orf control blocks			
4.3	Dismantling & assembling of valves. Repair, replacement and adjustment of control valves and sheets.			
4.4	Dismantling of lifting pin assembly, repair ,relacement and adjustment.			
4.5	Dismantling of guide bush assembly, repair, replacement and adjustment.			
4.6	Dismantling of EMG valve, cleaning, repalcement of packings/seals, assembly, mounting ,testing and adjustment.			
4.7	Dismantling, repair and replacement of oil hydraulic pistons			
4.8	Dismantling and repair/rectification of rocker			
4.9	Dismantling, repair/rectificatation and mounting of pilot assembly of long table control block.			
4.10	Rectification, repair and replacement of pilot and

	high pressure connectors and ferule of pipe lies of long table control block			
4.11	Dismantling, repair and replacement of bushes.			
4.12	Dismantling, cleaning, repair and preplacement of plungers and control valves of long table control block			
4.13	Dismantling, cleaning, repair and tuning of magnet /solenoid assembly of long table control block			
4.14	Dismantling, repair/rectification, leaning and mounting of pilot assembly of cross table control block.			
4.15	Rectification, repair and replacement of pilot and high pressure connectors and ferule of pipe lies of cross table control block			
4.16	Dismantling, repair and replacement of bushes.			
4.17	Dismantling, cleaning, repair and preplacement of plungers and control valves of cross table control block			
4.18	Dismantling, cleaning, repair and tuning of magnet /solenoid assembly of cross table control block			
4.19	Dismantling, cleaning, repair and replacement of Step control valves			
4.20	Dismantling, cleaning, repair and replacement of Switch control valves			
5.0	Work Schedule 5 : Breakdown & Preventive maintenance of Return Plunger, Main Plunger, die clamping & mounting system, Distributor system & filling valves.			
5.1	Dismantling, replacement and assembly of return cylinder packings.			
5.2	Dismantling replacement and assembly of copper rings of return cylinder.			
5.3	Dismantling, repair, replacement and assembly of die clamping plunger/ Cylinder	140		
5.4	Fabrication and removal of temporary platform on moving cross head for replacement of main packings.	(Attending Any one job 5.1 to 5.7 equivalent to one unit of job)	3461.00	
5.5	Dismantling of flange, removal of old packings, replacement of new packings and final fixing and tightening of flange & Removal of platform			
5.6	Dismantling, repair/rectification, replacement of packings ,assembly of filling valve 3 Nos.			
5.7	Rectification and repair of distributor and and over head high pressure pipe lines.			
6.0	Work Schedule 6: Breakdown and Preventive Maintenance of manipulator rotation and travel gearboxes, lifting and shifting cylinders			

Signature of Issuing Officer

Signature of Bidder/Tenderer

6.1	Repair of travelling gear box	300 (Attending Any one job 6.1 to 6.10 equivalent to one unit of job)	972.00	
6.2	Repair of rotation Gear box			
6.3	Change of Packing of Front Lifting cylinder			
6.4	Change of Packing of rear Lifting cylinder			
6.5	Change of Packing of Front Side shifting cylinder Packings			
6.6	Repair of Manipulator Jaw Lever Pins			
6.7	Repair of Piston accumulator assembly			
6.8	Welding of High Pressure pipes of Manipulator			
6.9	Repair of Cooling pump			
6.10	Repair of Main Pumps & Motors			
7.0	Work Schedule 7: Press and Manipulator Operation during forging.	4000 Hours (Any or all of the activities 7.1 to 7.24 are to be performed during press operation)	342.00	
	One time (During starting/stopping)			
7.1	Checking oil level in manipulator and filling if necessary.			
7.2	Checking Manipulator foundation Bolts			
7.3	Checking air Pressure in Manipulator Accumulator and filling if necessary.			
7.4	Checking oil level in oil hydraulic & filling if necessary.			
7.5	Checking water level in Press cellar and draining it by starting water drain pumps.			
7.6	Filling of Water in lower Pressure tank of Press.			
7.7	Filling of air in Low Pressure tank of Press.			
7.8	Starting oil hydraulic & checking Pressure of oil hydraulic			
7.9	Booster pump valve open.			
7.10	LT valve open			
7.11	Opening of HP Shut off Valve.			
7.12	Starting of Booster Pump			
7.13	Starting of main Pump.			
7.14	Checking all operations of Press and handing over if OK.			
	During Forging			
7.15	Water level monitoring so that it don't fall up to zero.			
7.16	Resolving small complaints like pressing slowly, returning slowly, table slow etc.			
7.17	Monitoring pumps so that it loads and unloads properly (any faulty sequence will result in escaping of compressed air, if shut off valve not manually closed.)			
7.18	Monitoring of water level in cellar and starting pumps according to requirement.			

Signature of Issuing Officer

Signature of Bidder/Tenderer

7.19	Maintaining speeds of press according to job/production requirement.			
7.20	Maintaining manipulators speed according to requirements.			
7.21	Checking of water level in overhead tank.			
7.22	Checking of air pressure in low pressure tank.			
7.23	Increasing pressure for a large sized job.			
7.24	Switching on pumps according to requirement of water column.			
8.0	Work Schedule 8: Electrical Maintenance of press and manipulator panels, various controls and field devices			
8.1	Regular checking and cleaning of panels and electrical contacts.	400 Attending Any one job 8.1 to 8.4 equivalent to one unit of job)	530.00	
8.2	Repair/replacement and modification of old wiring and cables along with arranging, dressing, laying and marking.			
8.3	Repair/replacement of Contactors, switches, joysticks, relays and other switch gear items.			
8.4	Electrical tuning of control system.			
	Total Quoted Rates (Excluding Service tax)			(In Figures)
				(In Words)
<p>*Service Tax will Be Paid Extra As per Actuals *The work will be awarded to a single L1 vendor taking cumulative prices of all items.</p>

Annexure: B**MANPOWER DEPLOYMENT, QUALIFICATION and EXPERIENCE**

MANPOWER DEPLOYMENT: The main responsibility of the deployed work force will be smooth operation of 2650T forging press and manipulator along with its auxiliaries under consideration. For this, the Site Engineer (BHEL Executive) will deploy adequate no. of persons with adequate skill and experience. The desirable manpower and their minimum qualification criteria required to be supplied by the contractor at the site are as listed below:

1. **Shift Supervisors:** The shift supervisors will basically act as team leaders for the workforce deployed on any work. The supervisors must be well qualified and experienced. The minimum qualification for Shift Supervisors will be Diploma (in respective engineering) with minimum 3years experience or ITI (in respective discipline) with minimum 8 years' experience in maintenance/ reconditioning/retrofitting of machines or B.Tech.
2. **Fitters/Welder:** They should have an 8 years' experience in Maintenance of Open Die Forging Press and Manipulator of 2000T and 10T respectively **or** qualification of ITI (Mechanical Fitter/Welder) and an experience of minimum 5years in mechanical and hydraulic maintenance of machines.
3. **Electricians:** They should have an 8 years' experience in maintenance of Open Die Forging Press and Manipulator of 2000T and 10T respectively **or** qualification of ITI (Electrical/Electronics) and an experience of minimum 5years in electrical and electronic maintenance of machines.

The overall team must be experienced and must also be capable of handling maintenance activities and have basic knowledge of electrical, mechanical, hydraulics and electronics.

The deployment of workforce will be in two shifts on regular basis and in the third shift as per the exigencies of the work.

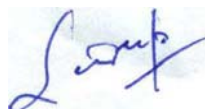

Signature of Issuing Officer

Signature of Bidder/Tenderer

SPECIAL TERM AND CONDITIONS

1	<p>The contractor shall have to comply with the following during execution of the contract.</p> <p>1.1 Valid labour license issued from Asstt. Labour Commissioner (State) Uttarakhand. 1.2 P.F. code and abide by the relevant laws/rules. 1.3 E.S.I. code and abide by the relevant laws/rules. 1.4 Service Tax registration and abide by the relevant laws/rules.</p>
2	The contractors are advised to see the site, terms & conditions before quoting the rates.
3	The work may need deployment of labours in two or more shifts to complete the work in stipulated time and as per requirement of the job. The contractor shall observe provisions of the Factories Act/ Rules in respect of working hours, holidays, rest intervals, leaves and overtime to his employees. Work in second / third shift, overtime, Sundays or on other declared holidays should be carried out after getting written permission from Engineer In-charge.
4	<p>Contractor shall decide the number of employees to be deployed for execution of the work awarded to him and he or his authorized representative will be solely entitled to dictate such workers about the manner of carrying out the work as per the prescribed specifications and quality plan. However, contractor shall inform BHEL for engaging/ removing the labour for executing the work.</p> <p>If BHEL Engineer feels that the manpower is not sufficient to complete the job(s) within stipulated time or meet the requirement of the work, the contractor shall increase the number of employees suitably. The augmentation of manpower may be suitably decided by mutual discussion between BHEL & contractor.</p>
5	The contractor shall not employ a worker less than 18 years of age on the premises of BHEL or otherwise during execution of his work.
6	Contractor will be responsible for good conduct of his employees. In case of any misconduct / misbehavior by any employee, the contractor will replace such employee(s) immediately.
7	<p>Contractor shall pay minimum wages as applicable from time to time including leave with wages to their workers as per rules /act and any changes made thereafter. The rates of minimum wage effective from 31.08.2016</p> <p>Supervisor :Rs.519.42 per day Skilled :Rs 519.42 per day Un Skilled labour : Rs 424.73 per day</p> <p>The rates are statutory in nature and are subject to change as per govt. regulations.</p>
8	In case of noncompliance of any of the labour laws e.g. payment of minimum wages to his employees or remittance of contribution to the concerned authorities etc., the contractor shall be responsible for all the expenses /liability occurring / accruing on BHEL because of this including all expenditure of legal proceedings. All such expenses including overheads shall be recoverable from the contractor from any of his running contracts/security deposit/other dues with BHEL or from any contract entered with BHEL thereafter.
9	BHEL shall have the probity of the contract with the contractor only and will give instructions to the contractor or his authorized representatives. BHEL will have nothing to do or be concerned with the employment of employees working for the contractor. The relationship between BHEL and the contractor will be that of independent entities and nothing herein contained will amount to joint venture, partnership or an employer-employee relationship.
10	The work shall be governed by scope of work, general terms and conditions of BHEL

Signature of Issuing Officer

Signature of Bidder/Tenderer

	contract, special conditions, environment-related conditions, safety clause and any other relevant condition mentioned here.
11	<p>EMD : Rs.68700/- (Sixty Eight thousand Seven Hundred Only) Modes of deposit The EMD may be accepted only in the following forms:</p> <p>(i) Cash deposit as permissible under the extant Income Tax Act (before tender opening) (ii) Electronic Fund Transfer credited in BHEL account (before tender opening) (iii) Banker's cheque/ Pay order/ Demand draft, in favour of BHEL (along with offer)</p> <p>Earnest Money deposited by the tenderer will be forfeited if:</p> <p>11.1 After opening the tender, the tenderer revokes his tender within the validity period or increases his earlier quoted rates.</p> <p>11.2 The tenderer does not commence the work within the period as per LOI / Contract. In case the LOI / contract is silent in this regard then the work shall have to be started within 15 days after award of contract.</p> <p>11.3 EMD given by all unsuccessful tenderers shall be refunded normally within fifteen days of acceptance of award of work by the successful tenderer.</p> <p>11.4 EMD shall not carry any interest.</p> <p>11.5 Earnest Money in the form of demand draft should be payable at Hardwar. Validity of demand draft should be minimum of 90 days from the date of opening of tender.</p> <p>11.6 One time EMD is acceptable. i.e. Rs 5,00,000/-(Rupees Five lacks Only.)</p> <p>11.7 MSME Certificate Against EMD IS acceptable.</p>
12	This Contract is a fixed Price Contract.
13	Only Special tools and tackles will be provided by BHEL. All other tools will have to be arranged by Contactor for maintenance activities themselves.
14	<p>Security deposit from successful Tenderer shall have to be deposited before start of the work. The rate of security deposit will be as follows: The total amount of Security Deposit will be 5% of the contract value. EMD of the successful tenderer shall be converted and adjusted towards the required amount of Security Deposit. Modes of deposit: The balance amount to make up the required Security Deposit of 5% of the contract value may be accepted in the following forms:</p> <ol style="list-style-type: none"> i. Cash (as permissible under the extant Income Tax Act) ii. Local cheques of Scheduled Banks (subject to realization)/ Pay Order/ Demand iii. Draft/ Electronic Fund Transfer in favour of BHEL iv. Bank Guarantee from Scheduled Banks/ Public Financial Institutions as defined in the Companies Act. The Bank Guarantee format should have the approval of BHEL v. Fixed Deposit Receipt issued by Scheduled Banks/ Public Financial Institutions as defined in the Companies Act (FDR should be in the name of the Contractor, a/c

	<p>BHEL)</p> <p>vi. Securities available from Indian Post offices such as National Savings Certificates, Kisan Vikas Patras etc. (held in the name of Contractor furnishing the security and duly endorsed/ hypothecated/ pledged, as applicable, in favour of BHEL)</p> <p>vii. Bank Guarantee from Scheduled Banks/ Public Financial Institution as defined in the Companies Act subject to a maximum of 50% of total security deposit value. The balance 50% has to be remitted either by cash or in the form of security. The Bank Guarantee format should have the approval of BHEL.</p> <p>viii. Security deposit can also be recovered at the rate of 10% / balance from the running bills. However, in such cases at least 50% of the security deposit must be deposited before start of work and balance 50% may be recovered from the running bills. The contractor shall be required to submit a request/no-objection letter for the same.</p> <p>ix. The security deposit shall not carry any interest.</p> <p>NOTE: Acceptance of security deposit will be subject to hypothecation or endorsement on the document in favor of BHEL. However, BHEL will not be liable or responsible in any manner for the collection of interest or renewal of the documents or in any other matter connected therewith.</p>
15	All the manpower deployed should have proper experience & qualification as per Annexure (B) as the installation requires sufficient knowledge in terms of work performance and safety.
16	Documents supporting the aforementioned qualifying criteria MUST be submitted by the bidders along with the Techno-Commercial Bid. If it is found at any time that the particulars submitted by the contractor are false, suitable action will be taken. This may lead to cancellation of contract/registration from all the BHEL units & forfeiting of Earnest Money Deposit (EMD) /Security Deposit (SD).
17	Security deposit shall be released as follows: 50% shall be released along with the final bill and balance 50% shall be released after satisfactory completion of the maintenance period of the work after clearing of all dues.
18	In case more than one contractor quotes the Lowest rates, L-1 Contractor will be decided through draw of lottery. Lottery shall be drawn between all the Contractors quoting the lowest rates. Contractor who is declared as the winner in draw of lottery shall be considered as L-1 contractor of subsequent processing of the tender. The tenderers shall have no say in the process of lottery and the decision of BHEL in the same shall be final and acceptable to the tenderers.
19	This is a maintenance work. The exact requirement of manpower cannot be anticipated. Thus manpower deployed may vary in accordance with the quantum of work. (4)
20	Service Tax shall be paid extra as per actual.
21	No advance payment shall be paid to the contractor. The payment of final bill will be made only after successful completion of the work. All payments to be made to the contractor under this contract shall be through Electronic transfer (E- Mode) within a reasonable time after the certification by the Engineer In-charge.
22	No bill will be entertained until wages of workers till date are paid, PF and ESI deposited for labour engaged in the work and proof of the same submitted along with the bill.
23	Running bills monthly/bimonthly against work contract depending upon the quantum of work performed item wise shall be submitted to the finance for payment within 15 days from the date of measurement, unless there is some problem which shall be supported by documents in this regard in timely manner. Finance will process such bills for payment within 30 days after receiving the bills in Finance.
24	Final bills against work contracts shall be submitted to finance within two months from date of actual completion of work or within one month from date of measurement whichever is earlier unless there is some problem which shall be supported by a document in this regard in

Signature of Issuing Officer

Signature of Bidder/Tenderer

	timely manner. Finance will process such bills for payment within one month after receiving the bills in Finance.
25	No excuses like hindrance because of extreme weather conditions, availability of labour and material etc. will be entertained for not completing the work.
26	The gate passes/ tokens to be issued by the CISF UNIT shall have to be returned to the pass section of CISF after completion of work, failing which recovery at the rate as applicable shall be made from the contractor.
27	All necessary precautions for safety and environmental aspects shall have to be taken by the contractor for activities performed by his workers.
28	Contractor must ensure that all labour engaged in the work should wear safety personal protective equipment's (PPEs) as directed by Engineer In-charge. In case labours are found working without wearing PPEs as directed, then recovery may be made at the risk and cost of contractor by providing PPEs to labours by BHEL at BHEL purchase cost. In case any accidents of Contractors Labour happens in absence of any safety, Environmental measures etc. contractor will be fully responsible for the same. BHEL is not responsible for the same.
29	Contractor may have to complete the work earlier as advised by Site In charge even before the scheduled period of completion as per the urgency of the work. No excuse for overall completion period will be entertained.
30	<u>Penalty clause:</u> In case of slow progress of work or contractor fails to deploy sufficient workers for timely completion of work as per direction of Engineer In charge and extension is sought beyond the scheduled date of completion then, a penalty of 10% of item value per unit per day subject to a value of maximum 30% of per unit item value shall be imposed. The decision of the Engineer in charge of BHEL shall be final in this regard.
31	In case contractor is unable to deploy sufficient manpower for timely completion of the work due to non-availability or any other reason, BHEL will have the right to deploy required manpower from any source at contractor's risk and cost. The decision of the Engineer in charge of BHEL shall be final in this regard.
32	Rate should be quoted on overall percentage basis for items given in the bill of quantity, exclusive of service tax.
33	The complete work will be awarded to single vendor/contractor irrespective of individual item values taking into consideration the cumulative value of items.
34	Contractor must sign on all pages and fill up the offer in all respect. Incomplete offer like cutting/ over writing without authentication is liable to be rejected. If undertaking provided in the tender document is not properly filled or signed, offer is liable to be rejected.
35	BHEL reserves the right to cancel the tender at any stage of tendering till signing of agreement without assigning any reasons thereof.
36	Before submitting any bill to this office the contractor must ensure that they have deposited the service tax with Government of India against all payments received by them for work carried out under this department. Contractor shall submit a proof of the same. No bills will be processed unless proof is submitted.
37	Conditional offers will be rejected.
38	In addition to the clauses 30 & 31, BHEL reserves the right to cancel the contract in case the performance of the contractor is not found satisfactory. The SD/ASD of the contractor shall be forfeited in this case. While suitable and timely communication shall be made to the contractor in this regard, BHEL Engineer in-charge's decision shall be final and binding on the contractor.

PQR (Pre- Qualification Requirement)

This section details minimum requirement on part of the bidder for assistance to production during operation & Preventive/Breakdown maintenance of 2650T forging press and 25T manipulator of Medium forge shop. In general, the bidder must satisfy following criteria:

1.0 Should have Executed any of the below mentioned work(s)

Retrofitting/Reconditioning/Maintenance/AMC of Cranes

Or

Retrofitting/Reconditioning/Maintenance/AMC of Furnaces.

Or

Supply, Erection and Commissioning of Machine Tools.

Or

Electrical & Mechanical Retrofitting/ Reconditioning of Machine Tools.

Or

Maintenance of Machine Tools including mechanical, hydraulic, electrical and electronic maintenance.

Or

Maintenance of Machine tools on AMC basis.

Or

Retrofitting/Reconditioning/Maintenance of Press and Manipulator

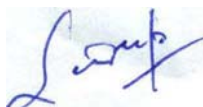

As a proof, completion certificate(s)/Work Order(s) from the original client(s) must be submitted.
