Annexure-1

1. **Requirement:** Vendor to offer tooling package for machining (spot facing, drilling, tapping) of threaded holes on a rotor assembled with blades on rotor's diameter. So, machining of these holes are to be done in the joining surface of two components (Rotor & blade in assembled condition), both made of material alloy 617M maintaining drawing accuracy, surface finish and other specified conditions covering all operations as mentioned below.

2. **Material: Alloy 617M**

Chemical Properties: -

Table -1: Chemical composition (in weight %) of Alloy 617M

Element	Cr	Fe	Mn	Mo	Co	Al	C	Cu
Wt.%	21.0 - 23.0	≤ 1.5	≤ 0.3	8.0 - 10.0	11.0 - 13.0	0.8 - 1.3	0.05 - 0.08	≤ 0.05

0.2% Yield Stress: $\geq 300\text{N/mm}$
Ultimate Tensile Strength: $\geq 650\text{N/mm}$
% Elongation: $\geq 30\%$

3. **Working Condition: -**

- 3.1.1 **Machine Details:** The drilling operation is to be carried out by using Universal Portable Drilling machine with long conversion sleeve fitted into machine spindle. This is required to drill holes at a compound angle & located in between different stages of blades fitted rotor have narrow access for drill/ tap as per drawing requirement. Broad specification of **Universal Portable Radial Drill machine** is mentioned below:

Capacity -80 mm

Spindle speed -12.5 to 1000 rpm

Spindle taper – Morse Taper 5

Feed range – 0.06 to 1.0 mm/ rev

Spindle motor power – 7.5 KW

Coolant: Not available in the machine. Manually fed external coolant (water mixed emulsion or cutting oil) shall be used.

- 3.1.2 **Job details:** Rotor shaft –Cylindrical rotor shaft having diametric grooves for blades at different axial distances. Blades are manufactured separately, assembled in blade grooves of rotor shaft. Two threaded holes per stage of assembled blades is required for locking of blades on each stage using matching screws.

4. Tooling Package: (To be offered)

4.1 Vendor to offer tooling package for machining operations specified at Sl. No. 5

4.2 The offer should be complete in all respect i.e. with tool drawings/sketches for all special items, copies of catalogue pages for all standard items & item wise price. In case, no price is mentioned by vendor against any item in the price bid, it shall be considered as included in other quoted prices and no addition or change in prices shall be permitted after submission of offer.

4.3 In order to provide best possible solution, the offer submitted by the vendor can have tools manufactured by different original tool manufacturers (OEM), if the vendor is authorized by those OEMs. Authorization letter of the OEM is to be submitted with the offer in such cases.

4.4 The offer will be considered for processing only if offered tooling package covers **all machining operations**, mentioned at Sl. No. 5 (5.1 to 5.3).

4.5 **Tooling package** offered by one vendor, irrespective of type (whether indexable or non-indexable or any other type) & design/geometry/grade etc. of offered items shall be considered equitable to **tooling package** offered by other vendor.

5. Machining Operations: The vendors are required to offer tooling package for each of below mentioned operations as per drawing (Drawing Nos. TP-IPT-BA-11 & TB-IPT-RGP-003 enclosed):

5.1 Machining of spot face, required for drilling of hole, for M18 threaded hole. Machining shall start from blade's top (assembled on rotor) till outer diameter of the rotor to generate clearance and seat for the drilling operation.

5.2 Drilling/Reaming of pre-hole for M18 threaded hole.

5.3 Tapping of M18 threaded hole.

6. Tooling package Quantity – 1 Set:

The Tooling package, to be offered, shall have following quantity for **each operation** as applicable:

Operation	Sl. No.	Item	Qty. (In case HSS including Powder Metallurgy grade, Solid Carbide tooling)	Qty (in case of Indexable insert type tooling)
For operation at Sl. Nos. 5.1	6.1	Tools for spot face operation (including center drill, milling cutter if required/ recommended)	05 nos. of each type	Tool -2 nos. of each type, Insert- 20 nos. of each type
	6.2	Matching Adapter (with MT5 to suit the machine) with Extensions/ Sleeves (as applicable).	01 nos. of each type	
For operation at Sl. No. 5.2	6.3	Drills for pre-hole drilling up to diameter 15.5mm with R2 (including Core drill, if recommended)	HSS including Powder Metallurgy grade only, 10 nos. of each type	Not Applicable

Subject

	6.4	Matching Adapter (with MT5 to suit the machine) with Extensions/ Sleeves (as applicable).	1 nos. of each type	
For operation at Sl. No. 5.3	6.5	Set of Taps for M18	HSS including Powder Metallurgy grade only, 10 sets of each type	Not Applicable
	6.6	Matching Tapping Attachment (with MT5 to suit the machine)	01 no. of each type	-

7. Other Requirements:

- 7.1 Shank of offered tool, to match with offered adapter, shall be as per recommendation of vendor to suit the application and machine.
- 7.2 Overall length / working length of tools and length of extensions/attachment should suit the application of drilling & tapping through/in-between two consecutive assembled stages of blades on rotor's diameter.

8. Ordering of Tooling Package:

- 8.1 For technically accepted offers for tooling package for all the three operations (5.1 to 5.3), price bid shall be opened and L1 vendor shall be finalized for two sets of tooling package as per Sl. No. 6. Order for 2 sets shall be placed on L1 vendor.
- 8.2 Counter offer for third set shall be made to L2, L3, L4 etc. in order of their bid status for supply at L1 price till another vendor (L1 + 1) accepts the counter offer at L1 price. Ordering for third set shall be done on vendor who accepts the counter offer as per 8.1 above.
- 8.3 In case, no vendor other than L1 vendor accepts the counter offer, the ordering for third set shall be dropped.

9. Final Acceptance & Payment of supplied Tooling package after PO placement:

- 9.1 The machining of operations (Sl. No. 5.1 to 5.3) on stages of blades (total 10 numbers of holes on rotor and 1 hole on test piece prior to drilling on rotor) using supplied tooling against ordering by BHEL shall be carried out on rotor of material specs as mentioned at Sl. no. 2.0 on existing Universal Portable radial drilling machine with broad specs. as per Sl. No. 3. First hole shall be tried on a test piece of same material.
- 9.2 Schedule of machining shall be informed by BHEL depending upon receipt of supplies and availability of required machine & job.
- 9.3 Final acceptance against tools supplied for package shall be made subject to successful machining of 10+1 holes as per drawing accuracies & specified requirements.
- 9.4 Payment shall also be on successful completion of all specified operations (5.1 to 5.3) & it's acceptance by BHEL.
- 9.5 During machining, if the process or tools could not be successfully established in one go, the vendor will be given one more chance for successful establishment through change of tool/grade/process without any additional financial implications to BHEL. The vendor is

Syeda

advised to keep alternate set of tool/grade ready with them for supplying, if required, for complete machining as per tender scope to avoid any holdup for completion.

- 9.6 In case of any replacement/additional quantity of any tool/item, if so required by vendor for successful establishment of required scope of machining for respective operation, it shall be done by vendor without any financial implications to BHEL. The additional items brought by vendor free of cost & not used in any operation or items replaced by vendor can be taken back by the vendor. The vendor will have to keep extra consumables/items of each type ready with them for supplying at short notice, if required, for complete machining as per tender scope to avoid any holdup.
- 9.7 In case of any failed machining operation or failure to carry out any operation, all the tooling items offered for the such failed operation shall be considered as rejected and no payment shall be made for such tooling items of failed operation. Also, in such cases, no payment shall be made for any supplied item consumed or damaged during machining.

10. General Conditions:

- 9.1 All operations are to be completed within best possible time. Broad specifications of the machine have been mentioned at Sl. No. 3. The Vendor is required to ensure use of optimum cutting parameters within specified parameters of the machine.
- 9.2 In case, vendor requires any clarification, they may discuss with BHEL prior to submission of their offer to avoid any gaps at later stage

BACKGROUND

This Agreement sets forth the rights and obligations of the Parties with respect to the use, handling, protection and safeguarding of Proprietary Information that is disclosed by and between the Parties.

WHEREAS

A) the Parties wish to pursue exploratory discussions concerning a possible collaboration between them in relation to the Program defined in Exhibit 1;

B) during the ensuing discussions and negotiations it may occur that either Party discloses to the other technical, financial or business information of a proprietary or confidential nature, which the Parties intend to protect against, making it available, by any means to any third person, and other unauthorized use and/or further disclosure by the recipient, in accordance with the terms and conditions set forth herein;

NOW, THEREFORE, the Parties have agreed as follows:

1. The term “Proprietary Information” shall mean any information or data of whatsoever kind of a confidential or proprietary nature, including but not limited to, commercial information, know how and technical information in the form of designs, drawings, concepts, requirements, specifications, software, interfaces, components, processes, or the like, that have been or will be disclosed by either Party to the other pursuant to this Agreement, either in writing, orally or other form, which is designated as “Proprietary” or “Confidential” by the disclosing Party by means of formal declaration or an appropriate stamp, legend or any other written or orally notice .
2. Proprietary Information may be conveyed, without limitation, through any written or printed documents, samples, models, electronic form on disk, tape, other storage media or any other means of disclosing such Proprietary Information that either Party may elect to use during the life of this Agreement, but if an originating Party originally discloses information orally or visually, the receiving Party will protect such information as Proprietary Information to the extent that the originating Party :
 - identifies the Information as Proprietary at the time of original disclosure,
 - summarizes the Proprietary Information in writing .Information stored in electronic form on disk, tape, other storage media will be adequately marked if a proprietary legend displays when the information originally runs on a computer system and when the information is printed from its data file.

Proprietary Information also includes any information which can be obtained by examination, testing or analysis of any hardware or material substance or any component part of such hardware or material substance provided by the Disclosing Party even though the requirements in Clause 1 for marking and designation have not been fulfilled.
3. Each Party, to the extent of its rights to do so, shall disclose to the other only the Proprietary Information which the disclosing Party deems appropriate to fulfil the objectives of this Agreement. The Parties hereby represent that the disclosure of Proprietary Information by and between themselves shall be made in compliance with, and subject to the laws and regulations of the Disclosing Party's country.

4. The receiving Party hereby agrees and covenants that, from the effective date of this Agreement until the expiry date as per article 11 and the following period as per article 12, the Proprietary Information that either Party receives from the other shall:
- a) be protected and kept in strict confidence by the receiving Party which must use the same degree of care it uses to protect its own confidential information and in no case less than a reasonable care;
 - b) be only disclosed to and used by those persons within the receiving Party's organization or that of its parent or controlled companies who have a need to know and solely for the purposes specified in this Agreement, and be treated by such persons or entities with the same degree of care and subject to the same restrictions;
 - c) to procure that each third party to whom Proprietary Information is disclosed under this Agreement is made aware of the provisions of this Agreement prior to such disclosure to it and that each such third party is bound by obligations of confidentiality which are no less onerous than those contained in this Agreement;
 - d) neither be disclosed nor caused to be disclosed or made available, either directly or indirectly, to any third Party or persons other than those mentioned in subparagraph b) above or other persons upon which both of the contractual Parties shall agree in an amendment to this Agreement;
 - e) not to copy, reproduce or reduce to writing any part of such Proprietary Information except as may be reasonably necessary for the purpose referred to in the Recitals of this Agreement

PROVIDED THAT the Receiving Party shall be entitled to make any disclosure required by court order or government or regulatory requirement of the Disclosing Party's Proprietary Information subject to notifying the Disclosing Party as soon as possible of such requirement

5. Any Proprietary Information and copies thereof disclosed by either Party to the other shall remain the property of the disclosing Party and shall be immediately returned or destroyed by the receiving Party upon request.
6. The receiving Party shall have no obligations or restrictions with respect to any Proprietary Information for which the receiving Party can prove that:

- a) is in or which comes into the public domain otherwise than as a result of a breach of this Agreement by any person to whom a disclosure of Proprietary Information is made as permitted under this Agreement or of any other duty of confidentiality relating to the Proprietary Information of which the Receiving Party has knowledge; or
 - b) it has been in its possession without restriction at the time of the disclosure, as evidenced by written documentation in its files; or
 - c) it has been lawfully received from a third Party without breach of this Agreement; or
 - d) it has been or is published without violation of this Agreement; or
 - e) it has been independently developed in good faith by employees of the receiving Party who did not have access to the Proprietary Information; or
 - f) it has not been properly declared, designated or confirmed as Proprietary or Confidential; or
 - g) the protection period has expired according to articles 11 and 12 of this Agreement.
7. With respect to any exchange of Proprietary Information which may occur as a result of this Agreement, it is expressly understood and agreed that the persons listed in Exhibit 2 shall, on behalf of the respective Parties, be the exclusive individuals authorized to receive from and transmit to the other Party Proprietary Information under this Agreement. Each Party may replace at any time its respective authorized individuals identified in such Exhibit 2, within its own organization. Any such new designation by a Party shall be made by written notice to the other at the address indicated in such Exhibit 2.
8. Any Proprietary Information which is identified as "Classified Information", or whose export is subject to an export license, shall be identified as such by the disclosing Party at the time of disclosure and the disclosure, protection, use and handling thereof, shall remain subject to the security procedures and restrictions imposed by the disclosing Party's Government.
9. The disclosure of Proprietary Information under this Agreement by either Party to the other shall not be construed as granting to the receiving Party any right, whether express or implied by licence or otherwise, on the matters, inventions or discoveries to which such information pertains, or as granting any trademark, patents, copyrights, trade secret right or other form of intellectual property right.
10. Nothing in this Agreement may be construed as an obligation of either Party to disclose any Proprietary Information to the other, or to enter into any subsequent contractual relationship with such other Party.

11. This Agreement covers the exchange of Proprietary Information which may be made by either Party to the other until ten years from signing of the agreement or any extension thereto which may be agreed upon by the Parties in writing. Proprietary information relevant to the Program detailed in Exhibit 1, already made available to the other contractual Party before the effective date, shall also be protected under this Agreement.

It is understood by the parties that, prior to disclosure, the Disclosing Party shall have obtained any government authorisation needed for the export of the Proprietary Information

12. The expiry of the period contemplated in Article 11 of this Agreement shall not relieve the receiving Party from complying with the obligations imposed by Article 4 here above with respect to the use and protection of the Proprietary Information, received prior the date of such expiry, for a period of ten (10) years after such expiry.
13. The Parties are independent contractors. Each will bear all costs and expenses in connection with this Agreement. This Agreement is intended to facilitate only the exchange of Proprietary Information and is not intended to be, and shall not be construed to create a teaming agreement, joint venture, association, partnership, or other business organisation or agency arrangement and no Party shall have the authority to bind the other without the other Party's separate prior written agreement .
14. This Agreement shall be governed by and shall be interpreted in accordance with the substantive Indian laws. Irrespective of the foregoing each Party shall remain bound by the provisions of its own national laws and regulations with respect to the transfer or use of Classified Information or information whose export is subject to an export license.
15. All disputes among the Parties, in connection with or arising out of the existence, validity, construction, performance and termination of this Agreement (or any terms thereof), which the Parties are unable to resolve among themselves, shall be finally settled by an Arbitration. The Arbitration shall be held in Haridwar (India), in English language, in accordance with the rules laid down in the arbitration and reconciliation act of India.
16. The foregoing constitutes the entire Agreement among the Parties with respect to the subject matter hereof and supersedes and cancels all prior representations, negotiations, commitments, undertakings, communications, either oral or written, acceptances, understandings and agreements among the Parties with respect to or in connection with any of the matters to which such Agreement applies or refers.
