The uniform cloth requirement is annual and shoes/socks alternate years. It may be noted that the qty shown is approximate and may vary according to the actual requirement.

Further, as mentioned above, BHEL presently procures the above said uniform items with the specification as mentioned against each item. However, the need for changing the specifications may also arise. It is therefore suggested that the prospective Suppliers may indicate all the varieties of their products, in the "Supplier Registration Form" at relevant column. Also, the prospective Suppliers who presently do not manufacture uniform items with above specifications can also send their "Supplier Registration Form" for empanelment of their current product list. The prospective Suppliers need to Register separately for each of the type of the uniform item. The samples of the products, for which Registration is applied, along with current price line may be provided.

For downloading the "Supplier Registration Form" click on option 'Supplier Registration' under Main Menu of our website [www.bhel.com](http://www.bhel.com) / [www.bheledn.com](http://www.bheledn.com).

The cut-off date for receiving filled-in "Supplier Registration Form" for the requirement of 2008-09 is **01.09.2008**. Any forms received thereafter will be taken up for future requirements. It may be noted that sending of our "Request for Quotation" will depend on the policy of the Company prevailing from time to time.
