GUIDLINES FOR DEALING WITH “DISCREPANCY IN WORDS & FIGURES-QUOTED IN TENDER”

In case of non-conformities/errors/discrepancy are observed between the quoted prices in the figures and that in words, following guidelines shall be followed:

- (a) If, in the price structure quoted for the required goods /service /works, there is discrepancy between the unit price (which is obtained by multiplying the unit price by the quantity), the unit prices shall prevail and the total price corrected accordingly. Unless in the opinion of the purchaser there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted shall govern and the unit price corrected accordingly.
- (b) If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected.
- (c) If there is a discrepancy between words and figure, the amount in words shall prevail unless the amount expressed in words is related to an arithmetic error, in which case the amount in figure shall prevail subject to (a) and (b) above.
- (d) If there is such discrepancy in an offer the same shall be conveyed to the bidder with target date up to which the bidder has to send his acceptance on above lines and if the bidder does not agree to the decision of the purchaser, the bid is liable to be ignored.
